"May 31, 1953

"LYLES watch shop in BETTENCOURTS Mt View Mkt is quite a deal. Friday I left work early, went in to do my weekend shopping about 4:30 - LYLE was at the lunch counter having coffee. I sat down beside him - he began talking party business openly as the girl waited on us. I spoke to MARY F about it - she says she knows he does - and laughed. He told me it was O.K. for LYGLIA to take a leave of absence since she isn't well but he saw no reason why MARY S. should be given a leave. He said since we can't force them to do what they don't want to will just have to let them go. (MARY F says MARY S. has been trying to be a "member at large" for some time and LYLE won't have it.) He also said I was to go into "Little MARYS" group - if I wanted to - she had asked that I might. MARY F phoned me - I took down some money to her (24 dues \$15 sustainer) and she will let me know about a meeting - perhaps Wednesday nite.

"LYLE GILLETTE has a key to [redacted] - since his days are so long and he doesn't have a car. He was glad to get it - hes to come her anytime for any reason. Also I bought a new bracelet for my watch from him. \$11.95 plus tax.

"Our son says - KARL PRUSSIAN rushes out early every Friday nite - sets in his car - not behind the wheel - waiting for someone. Its the only nite he does it. Then he saw him in a 1951 Mercury Convertible - License [redacted]

"WALTER BAYE and ZIZA BEVINS are hanging around KEN & JESSIE JOHNSON.

"BETTY DODD has a job at Agnew - lives in a rented house at 2741 Emerson drives 5 pass. Coupe dark - about 1949 - pays \$100 per mo. rent. Has a 19 yr old mothers helper named [redacted] who lives in Monday - thru Friday. I got [redacted] the job - Her parents are [redacted] O.K.

"We saw the COLMANS at BAUGHMANS a few nites ago. They are leaving for two months in Mexico and Chu Chu Castanango Guatamala (some spelling!) Shutting up shop throu June and July.

"BETTY will be in court next week divorcing GORDON DODD.

"COLEMAN says hes gone to Mexico every summer for 25 years.

"No news of "PEGGY" - I'm too busy to gab.

"Friday nite MARY F said she'd had a meeting with LYLE the nite before - Co. Committee?

"She mentioned her group wanting me - mentioned ANN FOX, GERTRUDE ADLER."

The "Leave" referred to is a leave from the CP. CALLEJO & SHEPHARDSON being members with informant of a CP group. "Little MARY" also refers to MARY FIELD and her club, of course is her CP group. KARL PRUSSIAN is SF 1740-S, which fact, of course, is unknown to [redacted]

SAC, San Francisco (134-7)

~~CONFIDENTIAL~~

ReBulet 3/1/52.

Informant is not yet a member of the Communist Party. He is presently a member of the IPP in Mountain View, California, and of the Los Altos-Mountain View Council for Civic Unity, both of which are Communist infiltrated organizations. In connection with IPP work, he meets regularly with DONALD H. CLARK, a CP leader in Santa Clara County and an SI card subject. He is a close friend of JOE HOUSEMAN and WALTER HARJU, and has an acquaintanceship with HAROLD and BERNICE BAUGHMAN, DORIS DAWSON, and TED VELTPORT, all of whom are SI card subjects. He reports regularly on information obtained from these people and his services have been of better than average value to this office.

He is a member of an unofficial organization gathered together by JOE HOUSEMAN, member of the CP and former member of Santa Clara County Committee of the CP as well as organizer for UE for Santa Clara County. The purpose of this organization, according to HOUSEMAN, is to enable UE to infiltrate and capture the White-Collar Workers Union at the Westinghouse Plant, Sunnyvale, California. Informant has reported on the activities of this group.

HOUSEMAN was recently transferred to Los Angeles and his successor, as UE organizer, is FRANK LAWTON FULLER, also a Communist and SI card subject. SF 1740-S was recently contacted by a member of this group who told him he would arrange a meeting for informant with FULLER in an effort to carry on the work of this group. Informant expects interesting developments from this meeting.

Information received in this office indicates that the CP is recruiting at present in the Santa Clara County area with special emphasis being placed on obtaining recruits who are employed in basic industry. The Party has stated it will re-recruit members who left the Party in good standing. As you know, SF 1740-S falls into this category. He states he will make a real effort to make it known to his friends in the Party that he is available, and he expects that he will obtain CP membership.

Informant has traveled in connection with his IPP activity and contributed rather heavily since CLARK knows his financial circumstances are good. He estimates that in his efforts to join the Party to date, he has spent an average of about \$25.00 per month. He says he does not mind the expenditure, however, he has accepted a number of small payments totaling \$100.00 to date.

On May 10, 1952 a report dated May 9, 1952 was received in the mail from [REDACTED] It is designated 100-33774A-136A (34). It reads as follows:

"How the other half lives: Meeting to form FISHER for Congress club (IPP) at [REDACTED] - home of MIKE FRANICH. Present were - DORIS DAWSON, Dr. Dawson's daughter, Mrs. MICARDO, DICK REICHARD, MIKE FRANICH, I.C. VAN-DEERLINDEN, LULU VANDERLINDEN, ALTER MARJU, KARL PRUSSION, TONY DA MATO, RAPHAEL GONZALES, SOTO GONZALES, DON CLARK, Mr. and Mrs. COLE, [REDACTED] Mt. View, a couple of foppish young men named Mr. MINTO and Mr. VASQUEZ - both known to DON CLARK. 16 in all 10 I know to be C.P.ers - MIKE FRANICH said he used to be. DICK REICHARD talked on the IPP - how that boys loves Russia! He needs his mouth washed out with soap. His chat didn't please DORIS or KARL - these cookies are never pleased. I thought it very good but a little over the heads of the group. DICK has a fanatical gleam in his eye, talks quietly. The theme was: defeat JOHNSON in the primary and BETSEY will carry much of his support. A collection of \$11.02 (2¢ from R.ICHARD) was taken to be earmarked for campaign buttons. I think DICK might appeal to a different type of gathering. MIKE FRANICH insisted BETSEY come to the Yugo-Slav picnic sunday May 4th at Pasternak park Cupertino. Says he used to be a C.P. - this

used to be a Communist Club but is now run this way. HARJU says hes seen 1000 people at the picnic. DICK promised to get her there but she won't go - it isn't high class enough!

"A temporary committee of HARJU, DON, KARL and Mrs. COLE was set up to steer the group into an organizing committee for the next meeting lay 16 at Mrs. COLES. I refused to be on it - the slightest nod of my head called the shots as DON chaired this meeting. Seems they've tried for a year to get a Mt. Vw.-L. Altos group together - DON and I did it at our first try - so they are all eager to grab the band wagon as it goes by. Seems this is a c.p. directine of a year ago and a time limit of May 1st was set. All of them have tried it. What they don't see is: Look who showed up! Same old c.p.ers. Everyone is very pleased - so I got out while getting was good! I sent DON a note asking him to let DORIS speak - if possible - she loves to. He didn't really have time and didn't make time. Hes with LYLE on this DORIS deal. Now shes brot charges against LYLE (B. BAUGHMAN told me) because his son STEVE and Mrs. SOLOMON's son are in school together and STEVE refuses to take the SOLOMON youth along on his young c.p. activities and LYLE is supposed to have said 'We don't want fellows who are A Students - we want the ones who go out for sports' (which I doubt he said). I'm in a hell of a spot between them.

"Seems VALEDA BRYANT has gone East - LOIS FULLER has the key to her house and the peace club mailing list has vanished from the pantry where its kept. LOIS was really bothered yesterday - borrowed my 'IPP' list for names. I told her I was fed up with IPP - she says many good progressives have had the same thing happen. That p.a. club has always had to many intellectuals to amount to much.

"HARJU gave a long harangue - of course. Seems the officers of his union, file drivers Local 34, SF - have been called into Indianapolis on charges of being commies and to (be) tried before the carpenters Offical Board - if convicted - evicted. MIKE PRANICH told GONZALES he'd been tarred and feathered. I.C.V. recognized him as a carpenter - Local 1280 - Mt. Vw.

"WALTER BONEW - Hrs. agt. Local 1280 carpenters - is a regular visitor at KARL PRUSSIANS. Talks progressive but don't seem to jell - has KARL uneasy.

"TED VELTPORT says hes painting the 2 upstairs rooms at his sisters - one is for his 'private experiments' - the other room JEAN and TED will use as an office. TED's workshop is out back.

"DORIS asked me to push this UPHAUS meeting May 6th.

"M. RUEBEN will speak at Forresters Hall R.W. City at 3 p.m. Sunday. It was to be at the home of ALINE LATIMER, [REDACTED] - San Mateo

but changed to this.

"Mrs. LAMPKIN told me she had no use for GELSA and ED BECKS. That ED had bot her sons car when he went overseas - only made payments to her - traded the car in on this lillys. Her son says he'll take care of it when he gets back - for her to keep still about it. I haven't mentioned it to anyone as it could be traced back to me. She says her people just don't have anything to say about him - good or bad. They showed up at the dinner for BAUGHMANS - empty handed, eat like pigs, took home extra food. Always on the make. Hes a bad one. Mrs. LAMPKIN says the BECKS don't get along - that GELSA wades into him.

"LOIS FULLER says theres no reason for ALLAN ISAKSEN to impose on me with his weekend p.w. He can get it at the box - she picks them up there about once a week where they all come in one package "under an old name." Box 901? She raised hell because ISAKSEN just took a weekend paper - I told her of others who were not doing right by our p.w.!

"The BAUGHMANS left for Carmel today - pretty well fed up with progressives. All these people who have hung around for years we just not there to help with the work and bother of moving. MARY GLADWIN told me she hoped they had learned a lesson. That while she and ED are sympathetic they tried to make them see as long as human beings inhabit the earth it won't be a paradiss - regardless of the form of government. She says ENID was very bitter and they resented what ENID had to say - since she wasn't one of them. Our being on their side and seeing, and making them see how this business really goes has jarred them out of their dream. She was dumfounded to find out her folks were flat busted and had to borrow \$200.00 off ED to make this move. She says shes glad they've come around to seeing that their money was being used for the benefit of those who live off the party - their personal use - and not to advance the party. She hopes they stay away. Says PAUL knows how to say 'No' and she hopes will keep them from getting in with another bunch like this was.

"Mrs. JOHNSON was moving in some of JISSEIS stuff and brushed me off good. Even locked the door to keep me out! So I guess they want no part of any pink movement. Made me feel funny.

"BAUGHMANS have about decided not to sell the house - I think they went away to get out of this mess and will be back. They were both tired to death and in tears."

Note above informant's reasoning regarding Communist Party membership in Santa Clara County. From informant's reasoning, it appears there are 75 Communist Party members in this county. It is noted that this report contains a sketch of the location of the home of RAPHAEL GONZALES.

SF 100-3730

Informant's reference above to CHUCK is to CHUCK VANDERLINDEN.

Reference above to ENID is to ENID GLADWIN, daughter of HAROLD and BEATRICE BAUGHMAN. ED is ED GLADWIN.

Also enclosed with the above report was ANNA LOUISE STRONG's "Today" edition number 13, dated May 1, 1952. Also enclosed is ANNA LOUISE STRONG's "Peace and/or World Revolution," which sets forth ANNA LOUISE STRONG'S view that Russia actually wants peace and the United States wants war and further, that war does not serve the purpose of Russia in accomplishing international Communism.

The ANNA LOUISE STRONG leaflets are retained in informant's file.

Today I told E. BAUGHMAN about ISOBEL CLEMENS' operation and ALICE ELIGS trip. Since she went to S. Fed. teachers - and - no one had said a word - she was mad as hell at the whole C. P. She says she sometimes feels she had about all she can take of their sly underhand ways, etc. Then she told me something ordinary party members are not permitted to know or talk about: LYLE GILLETTE had taken ELIZABETH NICHOLAS' place and he was now replaced by JOE HOUSEMAN. We agreed that was a hell of a switch and about like the stupid things this bunch pulls. (I'm sure her information come from MITCH) It seems LILL has had many run-ins with Palo Alto Groups - LOIS FULLER for one - and the many complaints made it necessary to remove him. In my opinion hes one of the best - and Mrs. GILLETTE is tops - they are so far above this bunch of chiselers its no

wonder they complained. LYLE told me he insisted on giving receipts and keeping a record of money he handled. JOE HOUSMAN will graft plenty. And - he has the morals of an alley cat. In case I haven't told you: I think Mrs. HOUSMAN is a pretty good person. She works like a horse, always trying to give everyone a square deal. She beleives in JOE - when they were seperated I listened to her broken hearted talking - she wasn't blaming JOE - she was trying to talk herself into beleiving in him! She told about the time he shacked up with a gal on a job out of town and said you couldn't hold one mistake against a man - and I knew at that time he was playing house with MITCH and ISABEL LUDLOW! Others tell me its any old gal any old time!

JOE spend most of his money on JOE - seems the kids are hers by a former marriage and shes always felt obligated to work so he won't have to raise them. My guess is the C. P. will run to booze and parties from now on. LYLE was against both women and wine.

To collect these odd bits of news I have to pass some around. I try to tell things that makes them boil. It seems LITTLE FISMAN is being pushed into the back ground. Its a known fact that people trying to be commissars have a hard time in P. Alto. B. BAUGHMAN says DORIS DAWSON has always been a big shot wherever she lived but here she fights to keep her head above water.

Mrs. SZEGO is having a meeting April 14 - C. C. Unity. Mrs. DUVERNECK had one a short time ago - we were invited but didn't go. This one, to make plans for her C. C. Unity picnic at Hidden Villa sure goes down the line. Mrs. SZEGO asked us to come, to get word to EARL PRUSSION, BAUGHMANS are to be there, DORIS DAWSON, WALTER HARJU, and TONY DAMATO - and I don't know who else. Sounds cozy - doesn't it? Sort of a C. P. committee drafted for duty on the picnic.

My gossiping may get me in trouble but its so effective I think its worth while.

On March 21, 1952 a report dated March 20, 1952 was received in the mail from [REDACTED] It is designated 100-33774A-136A (19). It reads as follows:

"3/20/52

"To confirm something I guessed at some time ago:

"Today N. BAUGHMAN was talking about LOIS FULLER & ISABEL GERNEY bringing JOHN & SUE HOUGH over to live in the cottage - he said "Of course you know we had to rent to HOUGHS - we had no choice." I said I had chided ISABEL for forcing people onto BAUGHMANS - it wasn't fair. He said he was glad I'd told her-

"He doesn't like it and told me he'd like to turn the cottage into a workshop but is afraid HERETICE will never agree. Hes afraid when Teds lease expires May 1st he will be forced to take him in.

"To my thinking this is admitting their house is subject to party orders- Mrs. BAUGHMAN told me they had no choice-they were forced to have LAWSON meeting last Sunday and as a C.P. she had no choice when told to chair the meeting. ISABEL accepted HAROLD excuse of new teeth he couldn't savage (not legible.) "

"3/20/52

"C.P. cell meeting here last nite. Myself, TED VELTFOOT and WALTER HAPJU. A point was made of the time 22 minutes before 9 p.m. by 9:15 it was over. As a new group it was decided: TED - liasion, WALTER - Chair, me - treasurer. No records - if the group gets too large for rerbal (not legible) - we split! It will be necessary for TED to pick up dues from me before meeting with the higher group.

"VANDERLIAN was here when they arrived at 8 p.m.-he left just before TED called the meeting. I'm sure time limit is set on meetings. Next meeting April 2 8 p.m. at TEDS. WALTER will pick me up.

"WALTER is very jittery-spooky. I think its just WALTER-he left his car some other place-come with TED, parked at BAUGHMANS, come in the back way. BAUGHMANS had gone to S.F. with CERNEYS to hear GLADSTILL, over there as they don't trust BOB WILCOX. JOE was in the house, lites on but neither TED or WALTER even looked in to say 'hello' -great care is taken to protect yourself from even other members. E. BAUGHMAN had told me they never talk C.P. stuff-I can beleive her. TED makes elaborate evasions in calling a meeting-preceded by knowing looks. By the way I've caught 'knowing' looks between others- a 'knowing smirk'. WALTER has asked his address be kept secret-phone to u. He has two boxes of books he'd like to store in some non-member garage for safety. I got him talking old times a little- but even loving to talk hes uneasy in a meeting. I'm sure its just him and the restrictions the party has peaced for security reasons.

"Our concentration is organizing progressives as IPP Clubs in Mt. Veiw - Los Altas area. WALTER said we'd see KARL PRUSSIAN at the IPP meeting tomorrow night. He says they all know the score-mentioned, KARL, TONY, 'COOIES'.

"The C.P. plan is an area consicil - make up of 3 clubs - to appoint 1 from area to county. Palo Alto the same deal - but I think 5 clubs.

"DOEIS DAWSON told me Mrs. SZEGO was getting the C. for C. Unity-L. Altas group active again and had checked DOEIS for names. Mine was among those given her.

"The idea of a candidate is someone to organize clubs around. Its impossible to organize clubs as a political party when we have any candidates. Its strictly a deal to catch suckers and there cash - aren't expected to win."

In the above report informant refers to KARL, TONY and "COOMES." It appears from information previously furnished that KARL is KARL PRUSSIAN, and TONY is TONY DAMATO, identity of "COOIES" is not known.

Remylet 12/20/50.

SF-1740-S has since 1949 been utilized as an unpaid informant by this office and has been able to furnish general Communist Party front information concerning Santa Clara County. He is acquainted with JOE ROUSEMAN, WALTER HARJU, DONNIS DAWSON and several other Security Index card subjects, and has reported on their activities. He is a member of Communist Party front organizations such as Los Altos-Mountain View Council for Civic Unity and Independent Progressive Party, and has reported on fund-raising functions of groups controlled by the Communist Party. While he has furnished no actual Communist Party information, his services have been of considerable value. However, there appears no immediate prospect that he can attain Communist Party membership.

910
SF-1740-S has been employed for the past six to eight months by Westinghouse Electric Corporation, Sunnyvale, California. He was recently transferred to day work at Westinghouse and is now working on U. S. Navy contract work. In connection with this work, he was asked to fill out a PSQ. He advised that he submitted his PSQ to plant officials on January 23, 1952, and that he had not mentioned former Communist Party membership. He furnished a statement addressed to Navy Intelligence admitting Communist Party membership ending in 1939. He denied any Communist Party activity or connections subsequent to 1939, and described himself as opposed to Communism. He asked that this statement be furnished to the local office of ONI. He stated that he handled his PSQ in this manner in order that the plant officials would not discharge him as a former Communist. However, he wanted Navy Intelligence to have full information as to his former Communist activity and his present feelings. He also asked that if possible, the Bureau apprise ONI of his having cooperated with the FBI. The above statement was furnished to Commander LEN FARRELL, of MID, San Francisco, who advised he will attach it to the informant's PSQ when it comes through his office. He noted, however, that his indices reflect several references to informant, and that OSI and G-2 have also received FBI reports on him. It was the opinion of the Commander that the PSQ with this attachment would probably result in informant's failing to receive clearance and loss of his job.

In this connection, SF-1740-S advised that he is greatly concerned over the possibility of losing this job. He feels that as an alternative to loss of his job, he might disclose to ONI, G-2 and OSI the fact that he has cooperated with the FBI in an effort to atone for his Communist Party membership.

SF 100-6328

The informant did not appear to be suggesting this alternative as a threat, but stated that he feels at sometime in his life a point must be reached where his work against the Communists should begin to cancel out his former Communist Party membership, and at which time he should become eligible for employment by his government or on defense work. He pointed out that he has not sought to be placed on restricted work, but that he was assigned to it by Westinghouse officials. He stated that in his field of metallurgical engineering, there is little opportunity for a man who cannot be cleared for restricted work.

In connection with the above, it is recalled that the report of SA C. B. WINSTEAD, dated 1/21/42, at El Paso, indicated the possibility that the informant was at that time attempting to secure information for the Communists. In SA WINSTEAD's report, dated 2/18/42, at El Paso, it is noted that informant denied ever having been a Communist Party member. He subsequently admitted Party membership to Agents of the San Francisco Office in 1949.

As you know, SF-1740-S is not actually a Communist Party member, but is being utilized in an area where this office has little coverage. Loss of his services would, to some degree, impair coverage of Communist Party front activity in Santa Clara County.

In view of the above, the Bureau is requested to give consideration to advising the interested intelligence services through its liaison with those services of informant's cooperation with the Bureau. If this is impractical, advice is requested whether SF-1740-S should be told he may, if he chooses, attempt to clear his record with the above services by informing them of his cooperation with the FBI. It is contemplated that if he does so, these services will ask the FBI for verification, and the Bureau's advice as to what answer should be given them is solicited.

as reported 5/26/51 by PCNDIs LULU and IRA VANDERLINDEN, [redacted]
[redacted] Palo Alto to SA RICHARD H. NELSON.

They advised that the purpose of this meeting, according
to DENIS DAWSON, who is known to them as a Communist, was to raise
money for the defense of Communists to be arrested in California.
They state that neither in the invitations nor during the meeting
was the sponsoring of the meeting announced. They expressed the
opinion that possibly many of the people there believed it was an
IFF meeting. IRA furnished the guest list for the meeting, which
is being placed in 100-33775A.

meeting: [REDACTED] furnished the following written report of this

"During evening two separate meetings were held - First one about 8:30 was held in small bedroom on first floor. Attended by DORIS DAWSON, both SHAPAVALOVs, PETER SZEGO, "CAROLD TAUCHMA", FRANK SCHNEIDER, Mrs. DAWSON (2) and Mr. SHAPAVALOV (1) made three phone calls and each time went back into the bedroom. Meeting lasted about 30 minutes. Peter Szego had a handful of papers when he came out.

"During the movie another meeting in Bernice's bedroom upstairs under the water tank. FORTIS PAMSON, Mrs. NICHOLAS, LENA CALDWELL, SZEGO, BERNICE BAUGHMAN and since I could not see him around, FRANK SCHNEIDER; although I sat near the back door I did not see him go in. All of them came out again before the movie was over.

And the movies, Grrr. One with a narrator about Israel. Showed conditions and the mingling of Arabs and Jews on friendly terms. Narrator blamed their trouble on English domineering and American money. All trucks, fire engines, jeeps and equipment were American, however. Looked like surplus Army.

"Did you ever see "Hiroletto" played by heavy Russian actors and in Russian? Well, don't. You wouldn't understand. The dancers and singing if shown in any other crowd would have brought down the house as comedies. But this was a sedate crowd and remarks were that if we had more movies like these here, more people would attend shows (under orders perhaps.)

"After most of guests were seated eating, the movies were announced and I caught the impression that the majority hurried through with their dinner and left. Since my feeling and reaction to the announcement was that it might bring police action I assume others felt the same. Only about 30 stayed to see it. It was noisier and could be heard for several blocks around and I wondered if it was reported by the neighbors as a nuisance.

"In the movie about Israel it was stressed that women could play a dual role. Bring strong healthy children into the world and also work at regular jobs not handicapped with children or housework. This is not the first time we have listened to propaganda aimed at women and their emancipation from the drudgery of housekeeping and raising children. It must be appealing to a lot of women sick of the "nasts" of housekeeping.

"Saturday morning.
The dark blue Olds Sedan, 1936, just left."

SP 100-3730

Mrs. VANDELL DEI furnished the following information orally: She, Mrs. JOE HOUSTON, ERMINE BAUMANN and HAROLD BAUMANN spent the entire day of the meeting cooking the dinner for same. Informant became sick at 7:00 PM and could not continue. She recalled that HAROLD BAUMANN had written a ballad about the death of WILLIE MACEE, which CORDON KENT sang at the meeting. She advised that on the following morning she learned from ERMINE BAUMANN that the above party netted \$90.00 which ELIZABETH NICHOLS took for the Communist Defense Fund. \$17.00 was left over for the local Communist club. She learned at the meeting that she was to take over on the following Thursday with the Executive Board of the Palo Alto Club of the IFF meetings as Treasurer, KRAMER having accepted some other office in IFF.

"The garden party started for June 17 at Dr. Wilson on Kings St. Rd. was called off. Seems her mother is visiting and can't go for liverail. It was to raise money for Jan Cox to go to L.A. A rumor was by passing that attempts to go. Was so crazy - he said "I'm more concern of with the quality than the quantity of cigarettes." I'm trying to help Jan Cox. I just want to see Jan have Villa service with wine.

"Today Jan Cox got a letter from Anna & Geo Miller, written on El Dorado Hotel stationery, Fr. Brownsville, Texas. I have around to read what I could. This is some of it:

"They spend one night in San City. Visited Teds friends and Colmans friends, fall in love with (S. I. Hall?) and are returning there to live in 6 months. They are going to Little Rock, Ark. for 6 months. Hated to leave Mexico but never the usual run of "Miller had luck." Some sex terms were mentioned but I couldn't remember them.

"Teds friends run a hotel or guest house. She spoke of the Americans looking on Mexico as free land. Received both the other letter which had was one day in Mexico City. Harold wrote to say they hadn't been in the City - But he said they spent one night. Elliot Wilson wasn't mentioned - they are good friends of Rayburn. In L.A. said before its the friends they don't say that name.

"Jack Howell has joined the Social Clubs in San Jose. She'll stir them up.

"Lynne Leighton & Pete have worked most of yesterday on the card file for Joe Kaufmans Union - Harold will look.

"Addie Seemil seems to have lost interest in us.

"Millers owe money all over - he left a phone bill in S.F. for \$109.00 - gave a reference to coop Credit Union. Harold had to take care of it. Peter in his car didn't like her. Also a loan to the Credit Union as per request Kenneth Johnson. They embrace the first name.

"I've heard a couple of good stories but I'm too tired and I pressed to pass them on - sorry!"

Also enclosed was an announcement of a meeting June 8, 1954 of the above mentioned or organization to be held at the Hidden Villa Ranch in Los Alamos. It announced that Professor William B. Smith would address this meeting. This announcement is also being placed in the informant's file.

Rememo SA NELSON 3/2/51.

Since the contact of SF 1740 with SI Card Subject JOE HOUSEMAN mentioned in reference memo, informant has been recontacted by HOUSEMAN and by WALTER MARJU, also an SI Card subject. He has attended IPP meetings with them and meetings of the MT. VIEW-LOS ALTOS CIVIC UNITY LEAGUE. He has reported on these meetings and his reports indicate communist control of these organizations.

Much of the information he has reported is confirmed by PCNDI'S

PRUSSIAN advised that PETER SZEGO, a Stanford University professor is active in both of the above organizations and gives every indication of being a communist and a leader in these groups. It is recalled that SF 1740 is an ex-communist and probably able to spot another communist. SZEGO'S activities are confirmed by other sources and a new case is being opened on him.

PRUSSIAN reports that the above have been especially friendly toward him and appear to be pushing him into positions of responsibility in the above groups. He is hopeful, too, that this progress will enable him to get back into the CP. It is known that informant's activity has been of some expense to him and has consumed time which he should be spending on building his home. He is employed by ANTON NELSON Contractor, as a carpenter and building his own home.

It is recommended that a payment of \$25.00 be made to informant to compensate him for expenses incidental to obtaining the above information.

The following are pertinent portions of a report dated April 22, 1951 received in the mail by SA RICHARD H. NELSON on April 23, 1951 from PCNDI [REDACTED] Palo Alto, California:

"The party was very well attended - the largest we've had. Around 100. A collection of \$74.00 was taken up plus \$3.50 from surplus donated food that was sold. Several dollars was taken in from the sale of chances on a serape RUTH had brot back with her from 'Old Mexico'. The entire cost of last nite's meeting was around \$20-\$22 which leave us a neat profit.

"The kitchen meeting later on included: RUTH, WANDA and ROY, BAUGHMAN'S, LIZ NICHOLAS, DON CLARK, MITCH SOOMIL, MRS. BURNS, TRINA. Others drifted in and out - including me. I try to know when to continue to drift and they seem to understand that. I've been treated special by most of them - including Mrs. NICHOLAS.

"The only mention of RUTH's trip was when she showed me the serape before she put it on display. I've learned not to ask

questions. She simply said I brot it back from old Mexico. Not a person mentioned or asked about her 10 day trip. By the way, I'm sure SYCHEGIAN (however you spell it) is her lad. They eat together last nite, she called his attention to me and he smiled and bowed.

"The meeting (poker game at MITCH's) broke up in a fight before we got there. Mr. and Mrs. BURNS wanted us to come to San Jose. MITCH insisted she'd asked first - feelings were running high. We followed BAUGHMAN'S lead and come home. BURNS left in a huff. MITCH was still 'hunting' when we left. The dancing had started, many people had left. About 11:30.

"WELIDA BRYANT entertained us with a couple of folk dances in costume. You never saw a funnier galumping cow. She thinks she's something, very well pleased with herself. Her 'stomps' were so out of time I thought for a while a heckler was fouling her up! Every one had an understanding smile on their face (faces).

"HOLLAND ROBERTS is a dirty sneak - and is well aware of what he's doing. I wish more people could hear him. He's a favorite with the crowd. Pa was redfaced fighting Dutch mad and was on the verge of starting a fight. People must have noticed. I was amazed that this could happen in the Sunnyvale U. S. A. Town hall! Mrs. JOYNER played up Jim Crow again.

"My warped sense of humor made me cut one of my beautiful red Gen. MacArthur camellias for Mrs. JOYNER. As I washed the leaves off it shattered in my hands. Poetic justice? I told RUTH and several others - they laughed to. I cut my flowers for the tables, the tall older grey haired lady who come with RUTH brought lots of 'greens'. WALDA and I decorated the tables and they looked beautiful. In fact, the whole damned thing was a little too well managed. These women are workers. We have much in common. Our problems are much alike. The differences are in the way we react and handle these problems. Be very sure there is a real power behind the forceful thinking of these sincere people. It must be put down

by forceful thinking. 'As a man believes so is he'. If they can dedicate themselves to a belief that Lenin was (is) a reincarnation of Jesus of Nazareth - I can dedicate myself to prove to a few of them that it isn't so.

"They seem to really want me in the party - everyone was extra nice to me last nite. In telling me to be prepared for the chance to join - Mrs. B said they had talked it over and it wasn't fair to me to leave me out. She tells me a complete plan to take over the country in event of trouble is detailed down to the last period. They all seem to be tense. ROBERTS talk, everything points to action in the near future if these all out peace moves fizzles out. Being the stinker I am - I stop at nothing to put a thing over. So (Pa knows this) Mrs. B knows Pa had a 'nervous breakdown' and received treatment at a V. A. Hospital in 1941. I advanced his jittery nerves as a reason to leave him out of the party. His temper flare ups are well known- as are his pig headed arguments!

"To have him to help without the strain of party connections made sense. She said a very understanding person would talk to me and to explain that. I'm glad I'd made a point of that before last nite. He's told her he doesn't want to know too much then he can't give any one away. Then his oaths - union and army make it hard for him to do otherwise. The big point is under pressure he might let go - so for that reason they may not want him - and I'd rather he stayed out. I've tried to show him its simple to be objective about this: Apply their ideas in reverse. It really works. Sort of like aiming a gun with a reverse barrel!

"A petition to outlaw minstrel shows in Santa Clara County was passed. I got the name L. W. SALES, [REDACTED] The two women with him must be his wife and her sister or his sister. Pa thinks he may be the man on the mail truck that spent 15-20 minutes at BAUGHMANS about 4 P. M. Sat, leaving the truck unattended and motor turned off- and later was picking up mail at sub Station. Truck number was [REDACTED] NOT LICENCE NUMBER.

"The differences between HELEN VELDEFORT and the party have been ironed out. She's been promised something to sooth her anger at RUTH - altho they didn't seem to see each other last nite. Is HELENE to have a trip to Mexico?

"Mrs. B. says -

GEO. MILLER was sent to Bs by a mutual friend in Ark. The home paper published the item - plus an announcement that he would marry ENID before he even saw her! This friend (not knowing ENID and AL were separated) just knew he and ENID would get together. She's a pretty lovable sort of a girl - and he seems devoted to her. Isn't it possible his big bad man moves have been made since he come her_ to impress her? Isn't is possible because of their feeling for each other they want clear of this mess. She was the one who refused to her mother and me to stay last nite. GEO. wanted to leave early before people arrived and keep warning - Let's get out of here. It's worth watching - he may be open to a deal later on. (not from us).

SAC Letter No. 32, Series 1951, dated 4/7/51, Section
B, contains the following:

"(B) REGISTRATION ACT -- INTERNAL SECURITY ACT OF 1950, SECTION 20 (a), AMENDING THE FOREIGN AGENTS REGISTRATION ACT OF 1938, AS AMENDED-- TITLE 22, U. S. CODE, SECTION 611 (c) (5) -- Section 20 (a) of the Internal Security Act of 1950 requires the registration of any person who has knowledge of or has received instruction or assignment in the espionage, counterespionage, or sabotage service or tactics of a government of a foreign country or of a foreign political party, with certain exceptions.

"The Attorney General has advised that the words "full written disclosure" as used in the statute require that the persons sought to be exempt from the agency statutes either submit a written disclosure, or, in the event the required disclosure is made orally, that it be reduced to writing and signed by the individual concerned. A written report of a detailed, thorough interview by an Agent of the Bureau, which is not signed by the person making the disclosure, is considered by the Attorney General to be insufficient to fulfill one of the necessary conditions for exemption.

"Accordingly, when a person utilized by this Bureau for intelligence purposes discloses knowledge of or instruction or assignment in espionage, counterespionage or sabotage service or tactics of a government of a foreign country or of a foreign political party, he should be interrogated thoroughly and his full statement reduced to writing and signed by him and witnessed by the interrogating Agent or Agents.

"This procedure should be followed in each instance where an individual is being utilized currently by a field office for intelligence purposes.

"The Attorney General has prepared for execution by individuals registering under the provisions of Section 20 (a) of the Internal Security Act of 1950, a questionnaire designated as 'Exhibit G.' The questions contained therein are as follows:

PRUSSIAN was interviewed on 2/16/51 by SAs RICHARD NELSON and CHARLES J. PRELSNIK. He is still residing at the same address, but is not now working. He is building a house for himself in Los Altos and will be so engaged for several months.

Informant stated that JOE HOUSEMAN and an unknown man from Los Angeles called at his home inquiring for PRUSSIAN about a week ago. He does not know the purpose of their visit and stated that they told his wife that they would return in several weeks. At that time HOUSEMAN mentioned to PRUSSIAN'S wife that he thought PRUSSIAN could obtain employment at the G. E. Plant in San Jose, which has no war contracts. From his wife he learned that HOUSEMAN appeared interested in having PRUSSIAN get employment in G. E. or some plant having a contract with the United Electrical Workers Union, of which HOUSEMAN is organizer.

PRUSSIAN advised he will telephone to Agent NELSON any information he receives when HOUSEMAN next contacts him and that he will make strenuous efforts through HOUSEMAN to get back into the Communist Party.

PRUSSIAN furnished Agent PRELSNIK considerable information regarding BARNEY CRUMP, subject of a Security Matter - C investigation. Informant will be recontacted in about two weeks in the event he does not call prior to that time.

It is suggested that this case be kept pending and that PRUSSIAN be continued as a CNDI.

Dear Sir:

Re:mylet 11/4/49.

This is to advise that contact with the above informant has been maintained since submission of my last letter. To date he has not been successful in obtaining re-admission into the Communist Party but is still hopeful that such invitation will be extended him. During these contacts with the informant he has been friendly and has offered his cooperation.

He has advised that on May 29, 1950, EVERETT FAIRCHILD and JOE HOUSEMAN, both known to this office as prominent Communists, called on him. He recalled that their visit was brief and that they did not discuss Communism and contented themselves with selling him a subscription to the "People's World". He paid them for a two-month subscription hoping that they would have to return at a later date and that an opportunity would be presented for discussion of his re-joining the Party. He has made several efforts since then to contact JOE HOUSEMAN relative to securing employment, but has to date had no invitation from HOUSEMAN to join the CP.

PRUSSIAN was able to furnish this office information regarding NYDIA LUTHY, San Francisco File 65-4150. This information has been furnished to the Immigration and Naturalization Service at San Francisco and has been of some value in the I&NS perjury prosecution of LUTHY.

PRUSSIAN will be contacted from time to time and will be carried as a confidential national defense informant of this office. No payment has been made to him, with the exception of \$10 mentioned in relet, and it is not contemplated that such payment will be made.

SF-1740 advised on September 9/18/50 that he is still residing at 1361 Anza Street in Mountain View, California and he is presently employed at Held's Shoe Store in San Jose. He stated that he has had no contact with the Communist Party since the date of last interview. He advised that his People's World subscription has run out and that he has not re-subscribed, hoping that HOUSEMAN or FAIRCHILD will again call on him. He stated that in the event he has no further personal contact with them he will renew his subscription to the People's World. He stated that he has not attended any front or Communist affairs since the date of the last interview. He advised that he is still hopeful of being asked to rejoin the Communist Party because of his friendship for the CRUMPS and the cordiality with which he was treated by HOUSEMAN. He advised that noting the newspaper accounts of the trial of NYDIA BARKAN LUTHY reminded him of the following additional information regarding her:

He knew her as a YCL Organizer in Detroit in 1937. He thought that at that time she was in close connection with the Communist Party because of the inter-relation of the Party with the YCL but he thought that she had never carried a Communist Party card. He stated that she either resigned from the YCL or was asked to resign after having argued with WILLIAM WEINSTONE. He also recalled that LUTHY in about 1936 or 1937 was living with WILLIE GOETZ who was a Communist. He understood that GOETZ had been accused by the Party of being a Trotskyite and that as a result of these accusations GOETZ committed suicide by hanging himself in the attic of his home. He thought that the suicide of GOETZ had probably influenced LUTHY in severing her connections with the YCL. SF-1740 stated that when he met LUTHY in Palo Alto recently he recognized her and she him and that he purposely talked somewhat pro-Communist in hope that she would commit herself. He recalled that she had expressed as no longer interested in Communism and that she had made some statement to the effect that "We have to have a broader attitude."

SF-1740 stated that he knew of nothing inconsistent with LUTHY's statements as published in the press to the effect that her only connections were with the YCL and that she had never carried a Communist Party Card and he expressed the opinion that she has not been active in Leftist movements since 1937. He stated, however, that he has had no contact with her since that time and prior to their meeting in Palo Alto.

SECURITY MATTER - C
(Bureau File 61-9152)

Dear Sir:

Reference is made to your letter dated September 30, 1949, granting permission to contact PRUSSIAN with the purpose of developing him as a confidential informant.

Informant was contacted on August 5, 1949 by two agents of this office, at which time he reiterated his desire to be of assistance to the FBI in Communist matters. He stated that he realized that he was on the wrong side when he was a member of the Communist Party and would like to even the score by giving assistance to the government. He was advised by agents that any actions on his part toward rejoining the Communist Party would be entirely voluntary.

PRUSSIAN advised of his intentions to subscribe to the "Daily People's World" in an effort to regain his previous contacts with the Communist Party and stated that he would observe this paper closely in order that he might attend any open meetings of a Communist or Communist front organization in the neighborhood of Palo Alto, California, such as might be advertised in the People's World.

PRUSSIAN has been recontacted from time to time by agents of this office, and on October 17, 1949, he advised that he received what he considered a tentative invitation to rejoin the Communist Party.

According to PRUSSIAN, on September 14, 1949, he attended a meeting at the Sunnyvale Civic Auditorium, Sunnyvale, California, where GEORGE LOHR, Foreign Editor, People's World, gave a "Report on the Peace Conference held in Mexico City." After the meeting, informant introduced himself to JOE HOUSEMAN and ELIZABETH NICHOLAS, both known to be members of the Communist Party in Santa Clara County. He stated that in his

conversation with NICHOLAS and HOUSEMAN, they asked him if he knew BARNEY CRUMP from Detroit. Informant stated that it so happens that he was in the Communist Party with both BARNEY CRUMP and BARNEY's wife, who were both active in the Party at Detroit. He stated that HOUSEMAN and NICHOLAS checked with the CRUMPS who apparently gave him a good name, and since that time, they have contacted him on several occasions.

Informant stated on 10-16-49, HOUSEMAN visited his house and asked him how he felt about rejoining the Communist Party, and suggested that he might get a job in a plant so he could join the United Electrical Workers' Union. Informant stated that he expressed an interest in so joining, but has not received any direct invitations as yet. He is of the opinion that possibly a letter may be written back to the Party in Detroit to clear him first.

On October 20, 1949, informant submitted a written report on his activities to date, and the persons whom he has met. Inasmuch as he is submitting information, he has been given a CNDI number, to wit, SF 1740, and unless advised to the contrary, will be considered by this office as a confidential informant.

Informant was paid the sum of \$10.00 for the month of October for the ostensible purpose of repaying him for his subscription in the Daily People's World and what small expenses he has incurred in attending front meetings.

Re KARL PRUSSIAN, was. Bureau file 61-9152 and report of
SA JAMES W. SHEPARD, dated 11/27/44 at El Paso, Texas in that case.

The above captioned subject has, on two occasions, contacted agents of the San Francisco Office to volunteer his service in connection with Communist matters. On the first occasion, 6/17/47, PRUSSIAN, at his request, was interviewed at his home in Carmel, California. At that time, he was employed by Holman's Bootery, Alvarado Street, Monterey, California. PRUSSIAN advised that he desired to notify the FBI that the Communist Party had located him in Carmel, California, and that their representatives had been to see him on a few occasions. He added that he was no longer active or sympathetic to the Communist movement. PRUSSIAN admitted having been a Communist Party member in Detroit, Michigan, from 1933 until he dropped out of the party in 1938. He stated that when he joined the CP in Detroit during 1933, he accepted a job at the Finnish Federation Camp, which, according to PRUSSIAN, was a Communist Camp. He said that he rose to position of organizer of the West Side Section, Detroit, and was removed from that position when he was elected as an officer of the local of the De Soto Automobile Plant. PRUSSIAN stated that he was employed, under the name of BEN BASKIN, as president of DeSoto Local #227 CIO, and that differences arose between himself and WILLIAM WINESTONE during the Auto Workers Strike, which began to turn him from the Party. PRUSSIAN said that in the fall of 1937, two Comrades told him that he was being considered as a candidate for the Lenin School in Moscow. It was about this time PRUSSIAN said, that he dropped out of the party, due to personal reasons. At the conclusion of the interview, PRUSSIAN stated that he now realized his rather immature judgment of past years and now sees the actual inner workings of the Party. He

100-6328-20A

DIRECTOR, FBI

stated that, while a CP member, he had refused to pay the international dues because at that time he felt that the CP should have been an American party.

PRUSSIAN again contacted the San Francisco Office on April 19, 1949 to advise that he had moved from Carmel, California, to Box 253-C, Route 2, Mountain View, California, and again indicated his desire to be of service in the Mountain View area.

On July 8, 1949, PRUSSIAN was interviewed by agents of the San Francisco Office, at which time PRUSSIAN stated that he had realized his mistake of supporting the CP in past years and now desired to "even the score by working on the other side." PRUSSIAN stated that thus far, he had made no attempt to rejoin the CP, but volunteered the information that he has subscribed to the Daily People's World newspaper, and will attend some of their social functions in an effort to become affiliated with the CP in order to be of assistance to the U. S. Government. He advised that, at this time, he was unacquainted with any CP members of the Mountain View area. At this time, PRUSSIAN is unable to furnish any information of value concerning CP activities.

For your information, KARL PRUSSIAN was born January 31, 1910 at Brooklyn, New York. His parents are HENRY and ROSE PRUSSIAN. They are members of the Jewish race and reside at 12612 Montville Place, Detroit, Michigan. PRUSSIAN attended grade school and high school in Detroit, Michigan, and attended classes at Wayne University, Detroit, Michigan, intermittently between 1926 and 1932, but did not graduate. PRUSSIAN resided in Detroit, Michigan, from approximately 1916 until 1940.

In September, 1933, PRUSSIAN was married to MOLLY WOLINSKY, aka Wilinsky, Wibinsky, at Detroit, Michigan. PRUSSIAN stated that she was an ardent Communist, having been a Communist Party section organizer in Detroit, and that he divorced her in 1938 about the same time that he dropped out of the Communist Party.

PRUSSIAN later married DOROTHY HARRIS. He described his present wife as a Gentile girl, very religious, and who has been considerably responsible for helping him break away from the Communist Party over a period of time. PRUSSIAN said that she is a member of the Christian Unity Church and is an artist. He stated that she has never been a member of the Communist Party and is not in sympathy with the organization.

PRUSSIAN was employed from 1933 to 1936 as a laborer in various auto factories in Detroit; 1938 to 1940 by the Historical Record Survey, Federal Building, Detroit; and 1940 as director and organizer of the Census, Department of Commerce, Federal Building, Detroit.

In 1940, PRUSSIAN moved to Albuquerque, New Mexico, where he was employed during 1940-1941 by the New Mexico Laborers; February to September,

DIRECTOR, FBI

1941 as junior clerk by the United States Engineers; 1942 as a clerk in Levine's Store. About 1944, PRUSSIAN moved to Cupertino, California, where he was employed by the Permanente Metals Corporation. From 1945 to the present date, PRUSSIAN has been employed as a clerk in various shoe stores, including Holman's Bootery, Monterey, California, during 1946 and 1947, and is presently employed by Thoit's Shoe Store, 174 University Avenue, Palo Alto, California.

PRUSSIAN presently resides at Route 2, Box 253-C, Mountain View, California, with his invalid wife, DOROTHY HARRIS PRUSSIAN and his adopted son, [REDACTED]

PRUSSIAN, under the alias SAM GOLDSTEIN, was arrested in Detroit, Michigan on 5/1/32 for participation in the Ford riot and on 2/4/33 for passing out Communist literature on the streets.

PRUSSIAN, under the alias TONY PRO, Michigan State Police Bureau #93128, was arrested on 11/26/35 at Flint, Michigan, for Communist activities.

No arrest record or credit record for PRUSSIAN could be located at Palo Alto, San Jose, or San Francisco, California.

It is felt that PRUSSIAN will be of assistance in the future by furnishing information concerning Communist activities in the Palo Alto and Mountain View area and permission is hereby requested to contact PRUSSIAN in the near future, with a view to developing him as a Confidential National Defense Informant of the San Francisco Office.

SECURITY MATTER - C

Reference is made to the writer's memorandum dated June 10, 1947, in which PRUSSIAN requested to see a Bureau agent, explaining that he had been approached to rejoin the Communist movement.

Special Agent FRANK MITCHELL and the writer interviewed PRUSSIAN at Carmel, California, on June 17, 1947. PRUSSIAN was interviewed first in the manager's office of the Hotel San Carlos at Carmel at 2 PM, and later, from 7 to 9:45 PM, in a Bureau car outside his home. PRUSSIAN, whose home telephone in Carmel is Carmel 1288M, is employed at Holman's Bootery, Alvarado Street, Monterey. He leases the Village Cab, telephone Carmel 622. He likewise owns property in Carmel. He is a metallurgical engineer by occupation, specializing in magnesium.

PRUSSIAN advised that he desired to see Bureau agents for the purpose of reporting that the Communist Party had finally located him residing in Carmel, California, and had been to see him on a few occasions. Therefore, he desired this office to know that he was not sympathetic to the Communist movement, nor was he again active in the movement, and wanted us to likewise feel free to ask him anything we wanted to know. PRUSSIAN stated that on approximately June 1, 1946, one SOPHIA KITCHENER, a girl whom he formerly knew in Detroit, who was employed in WILLIAM WINESTONE's office and who is now living in Los Angeles and is employed at a furniture company as a bookkeeper, had visited him from Los Angeles and had brought with her a section organizer of the Communist Party in Los Angeles. While visiting with him, the section organizer endeavored to again recruit PRUSSIAN into the Communist movement. PRUSSIAN stated that he argued very forcefully with the organizer, whose name he could not recall, and that they apparently were not on too friendly terms at the time of his, the organizer's, departure. He stated, however, that he did subscribe to the People's World. He stated that KITCHENER was approximately 36 years of age, has a child, and is not married. Approximately June 1, 1947, she again came through Carmel in an effort to see him, but was unable to do so since he was out of town. The section organizer from Los Angeles was described as approximately 5'3", age 37, brown hair and thin, brown eyes, weight 160, and a rather forceful sort of person.

PRUSSIAN further advised that in November, 1946, a woman by the name of CLARE WUNDERVALK, who resides in Carmel, called him and wanted a cab. Following the cab trip, PRUSSIAN accepted a check from her, she thereby ascertaining his name, and later, according to PRUSSIAN she called him up and accused him of being a Communist, told him he was from Detroit, and indicated she had formerly been with military intelligence. This was another reason why PRUSSIAN decided to see this office.

In May of 1947, a girl by the name of BELLA CLAY, who is employed in HARRY BRIDGES' office at the Longshore Local in San Francisco, visited Carmel in an effort to see PRUSSIAN. PRUSSIAN being away at the time, advised he did not see her but ascertained that she visited him from his neighbor. CLAY is described as approximately age 48, 5'3", with black hair. She was formerly employed by WILLIAM WINSTONE in Detroit, Michigan, where PRUSSIAN made her acquaintance.

PRUSSIAN admitted that he joined the Communist Party in Detroit in 1933, that he accepted a job at the Finnish Federation Camp, which was a Communist Camp. He attended a trade union school at this Finnish Federation Camp near Loon Lake, Michigan. He rose to the position of organizer of the West Side Section in Detroit in 1937 and 1938. When elected as an officer of the local of the De Soto Automobile Plant, he was removed as section organizer. He was employed under the name of BEN BASKIN and was president of De Soto Local #227, CIO. He later was employed by the WPA in Detroit, which job folded up in approximately 1940. PRUSSIAN stated that differences arose between him and WILLIAM WINSTONE during the Auto Workers Strike, which began to turn him from the Party. He stated he divorced MOLLY WILNISKY in 1938, later marrying DOROTHY HARRIS in New Mexico. He now has a fourteen months' old son by the name of ROBERT MILLARD, which is an adopted boy. He stated that his present wife, DOROTHY HARRIS, is a religious person, and has been considerably responsible for helping him break away from the Party over a period of time. She is a member of the Christian Unity Church at Carmel, and is an artist.

It was necessary for PRUSSIAN to move from Detroit to New Mexico, since his wife has rheumatic fever. Upon coming to New Mexico, he was told to look up Dr. WILLIAM PIKE, who was a Communist doctor. Upon arrival at Espanola, New Mexico, to visit his wife's uncle, Dr. E. C. LEE, he found Dr. WILLIAM PIKE was Dr. LEE's assistant. A Dr. SHAPPERMAN in Detroit had recommended PRUSSIAN to Dr. PIKE. SHAPPERMAN was likewise a member of the professional group in Detroit.

PRUSSIAN advised that in the Fall of 1937, it was generally known that five or six Comrades from Detroit were to be sent to the Lenin School in Moscow; that he, PRUSSIAN had been informed by a Negro by the name of BILLUPS in Detroit, whose first name he could not recall and who is now inactive, that CHARLES KRUMBEIN was considering him for the

Lenin School in Moscow. Another Negro, by the name of WILLIAM KNOWELL (ph.), who had been to the Lenin School in Moscow, also told PRUSSIAN he was being considered. KRUMBEIN and PRUSSIAN later had a conference, the time of which he could not recall, concerning his trade union ideas, at which time KRUMBEIN considered that PRUSSIAN was not believed qualified for the school in Moscow. PRUSSIAN was likewise closely acquainted with WILLIAM WINESTONE, who was district organizer of the Communist Party in 1937, WINESTONE being his ideal at the time. He stated that one PHIL RAYMOND, a tall long-nosed shaggy-haired individual under WINESTONE, who was in charge of the Trade Union League in Detroit and who was in charge of recruiting Comrades for the Spanish Loyalist Army in Spain, had endeavored to recruit him to fight for the Spanish Loyalists in 1938.

When questioned concerning any knowledge of the Communist activities in this area, PRUSSIAN appeared considerably ignorant of Communist activities here. He stated that the People's World, to which he subscribed last year, had been dropped approximately two months ago and that he never read any more of the paper than the headlines.

He stated he had met one LYDIA BARKER approximately a year ago, who was formerly a Party member in Detroit and was now attending Stanford University. He stated he knew of no other individuals who were members of the Communist Party in this area, and that he gathered that SCHNEIDERMAN was still the head of the Party here. When questioned specifically concerning the prominent Communists in this area, he advised he did not know of them.

PRUSSIAN impressed both the writer and Agent MITCHELL as being sincere in his desire to furnish this office with his complete story concerning his membership in the Communist Party, and it is noted that he has previously denied, when interviewed on February 2, 1942, at El Paso, Texas, that he was a member of the Communist Party at any place. He volunteered the information concerning his Party membership during the first hour in which we let him do all the talking. He states he realizes his rather immature judgment ten years ago and now sees the actual inner workings of the Party. He impressed the writer as being a well-educated individual, is intelligent, and has a fairly good knowledge of the teachings of MARX and ENGELS. According to his statements, he believes that the Communist Party does advocate the overthrow of the United States Government by force and violence, and while a member of the Party, felt that it should be an American party and accordingly, he stated he refused to pay the international dues.

The writer and Agent MITCHELL, in questioning PRUSSIAN, were careful to avoid making any references to his willingness to cooperate with this office in the capacity of a confidential informant, since it was first thought this might be a plant on behalf of the Communist Party,

due to the previous activities of PRUSSIAN. He made no offer of his services in this respect and staunchly maintained that he did not desire to become again active in Party affairs; that he felt that since the Party had found him in Carmel, he wanted the FBI to know that he was no longer connected with them. He now apparently has rather stable ideas since he owns property and a business in Carmel and no longer feels as he did towards the Party in 1933 to 1938.

PRUSSIAN has a very good knowledge of Communist activities in the Detroit area for the years 1933 to 1938, and is acquainted with such prominent Communists as WILLIAM Z. FOSTER, JACK STACHEL, CHARLES KRUMBEIN, and others of national importance. He is capable of "selling them a bill of goods" if he might be useful in such a position.

Upon conclusion of the interview, the writer questioned PRUSSIAN as to how he would go about subscribing to the People's World, West Coast Communist newspaper. He stated that he would probably write to the People's World at Los Angeles (not knowing that the paper was published in San Francisco).

I approached the question as to whether he might be willing to now cooperate with the FBI in reporting any activities which might come to his attention, to which he replied that it would involve considerable thought and problems. He stated that his wife is staunchly against the Communists, that he has tried over a period of several years to completely break away from them, but they have again found him in Carmel. He stated that he might be willing to cooperate in some local front organization or small Party activities but that he would not again consider at this time becoming a tool of the Party in a so-called position of leadership where he would be subject to the Party discipline and transfer, etc.

When questioned as to what he thought BELLA CLAY would do if he wrote her asking for a subscription to the People's World, he stated he felt that she would immediately see that he received the People's World, and would likewise be visiting him in Carmel to recruit him into the Party.

The interview with PRUSSIAN was concluded by requesting that he furnish any further information concerning visits by Party members to Agent MITCHELL, and that he not be so antagonistic with them in the future.

The individuals mentioned herein should be checked and PRUSSIAN's activities followed in the near future to see if he might be of some service in the capacity of an informant in Carmel.

RE: KARL PRUSSIAN
SECURITY MATTER - C
S. F. File 100-6328

Special Agent FRANK MITCHELL at Carmel, while calling in on other matters, advised that the above-named subject had talked with the police commissioner in Carmel and had related to him his previous activities in connection with the United Auto Workers, and admitted his arrest in Evanston, Illinois. PRUSSIAN, according to the police commissioner, had stated that he was very ~~close~~ with the Communist Party back in Detroit, and that Party officials from San Francisco had been down to Carmel endeavoring to get PRUSSIAN to rejoin the movement; that accordingly, PRUSSIAN desired to talk with a Bureau agent to see if we were interested in the information which he had. PRUSSIAN informed the police commissioner that he had been interviewed on one occasion by the FBI in New Mexico.

MITCHELL advised that PRUSSIAN operates a guest house at Carmel and leases out a taxicab which he owns. He is a college graduate and is apparently well-educated.

After checking our indices and locating this case file, MITCHELL was advised to hold off interviewing PRUSSIAN until such time as the file could be reviewed. It was likewise suggested to MITCHELL that possibly another agent familiar with Communist activities and informants in this area should be present with him during the interview, particularly since PRUSSIAN has offered to cooperate with the Bureau. It was pointed out to MITCHELL that he should be carefully interviewed and that if possible, he might be able to be utilized in the capacity of an informant, if deemed advisable. I explained to Agent MITCHELL the likelihood that this might be a plant on behalf of the Communist Party to employ PRUSSIAN as an informant with the Bureau.

This file should be reviewed so that it may be discussed in detail with MITCHELL when next in the office.

KARL PRUSSIAN

WEDNESDAY, MARCH 5, 1941

Description:

Jewish, American born, dark curly hair, dark complexion, ruddy cheeks, large wondering eyes, is about 5' - 5" tall weighs about 170 lbs. and appears to be about 27 years of age.

His parents were born in Russia and he grew up around a Communist background, however not much was heard of him until he married Molly Willinski, who was a very active member of the Young Communist League. At that time there was no C.I.O. so Prussian became a member of the Plymouth plant communist faction being employed at Plymouth, carrying on agitation and propaganda there. At that time he was not a District leader, but being one of the few Communists working in an auto plant he attended District meetings. In 1935 he was discharged from Plymouths for his Red activities and so he became more active openly in the Communist labor movement in Detroit. He next secured employment in the Briggs Mack plant and carried on his agitation and propaganda as before. He soon became active in the A.F. of L. opposition group which met at the Wolverine Hotel, led by Nat Ganley, Richard Kroon of Local # 37 Painters, Francis Comfort of the Teachers Local, Walter Bergman and other left-wing labor leaders. Prussian remained in the Briggs plant only a short time then went to the DeSoto plant at the time the C.I.O. was coming into Detroit. Here he helped organize this local for the C.I.O. with the aid of several other Reds, mostly Young Communist League members including Nydia Barker. He became an official of the Union and records state he was elected President of this local in 1936. Nydia Barker became Recording Secretary and with their positions they controlled this local for the Communist Party and the C.I.O.

In 1937-38 Prussian became connected with the Packard Local and was often seen addressing mobs at the Packard employment office gate. During this time he was wearing a Packard badge which he had probably borrowed or stolen. During this entire period he was also a member of the Mechanic's Educational Society of America, an organization composed of skilled workers, mainly tool and die makers. Prussian is a laborer, or simply a production

man. This is mentioned in order to show the skill of this man as a communist being able to get on the District Committee of this organization.

He has a long line of labor activities but also found time during that time to carry out Young Communist League work. He was instrumental in having his local, in all cases, affiliate with the Conference for the Protection of Civil Rights, give financial aid to the Abraham Lincoln Parade, support the American Youth Congress, and back in various ways many other red front organizations.

Prussian at one time held a job with the Government in the Youth Administration Division. In 1937 he became active among the unemployed and among the U.M.W. workers. He applied to the U.A.W. to assist in the organization of the U.M.W. workers and make it a branch of the Union.

Prussian is the typical Young Communist League member except perhaps that he is a bit reserved. He knows little else than Communism and doesn't seem to want to know anything else. However he is not quite as sophisticated and cock-sure as the majority of the Y.C.L.'ers. He has a fair Communist political understanding and knows all of the Communist Party tactics especially in regards to factory organization.

Mrs. STIKKANEN, at that time, stated that a family by the name of PRUSSIN lived next door, adding that she wasn't sure the spelling was correct, and that the family consisted of a father and son, and their wives. Informant revealed that the young couple had recently moved in. No further information was developed.

At the time the writer observed that the man to whom he spoke wore an employment badge of the Lincoln Plant of the Ford Motor Company, number of which was 4111.

statement, was born in Brooklyn New York, on January 31, 1910. (Report of Special Agent CHARLES B. WINSTEAD dated January 21, 1942, at El Paso, Texas.)

A list of names was obtained February 6, 1940 from the Michigan Communist Party Headquarters, 5969 14th Street, Detroit, Michigan through exercise of a search warrant by Special Agents of the Federal Bureau of Investigation. The warrant was issued by Judge EDWARD J. MOINET of the United States District Court for the Eastern District of Michigan on February 5, 1940. This two-page list contained no main heading but did have the following breakdowns: "SEXecutive; Outstate; Lang; Bureau; Labor; Agrarian; Record; Educational; Membership; Negro; 1; 2; 3; 4; and 5." Under the heading "5" is the following "KARL PRUSSIAN, 5337-4th."

Confidential Informant F1, whose identity is known to the Bureau, furnished the following on Subject:

"Age 38, 1938. Not much known about Prussian until about 1933, when he married Molly Wilinski. His wife Molly has been an active Young Communist League district member for many years and well known in communist circles.

"Prussian, one of the very few of his nationality, being convinced early in 1933, that the Communist slogan which was not then practiced: 'The Communist Forcess is Within the Shops' became employed at the Plymouth Plant. At that time there was no C.I.O. and Prussian was a member of the Communist nuclei of the Plymouth Plant with three or four other communists, carrying on agitation and propaganda within this plant. At this time Prussian was not a district leader, but being one of the few communists working inside an auto plant, attended all important district meetings of the communists emphasizing to the membership that it was necessary that they become employed in auto shops. By 1935, after being discharged at Plymouth, and with the new United Front tactics of the Communists, he became more prominent within the communist ranks. Now employed at Briggs-Mack plant he was a member of the communist unit here and was now attending A.F. of L. Opposition Group meetings at the Wolverine Hotel along with Nat Ganley as the leader of this group, Richard Kroon of Local #37 Painters, Francis Comfort of the Teachers Local, Walter Bergman and other prominent leaders of the Left-Wing movement of today.

"Leaving Briggs in 1935, after only a short stay there, he was employed at the DeSoto Plant at a time when the C.I.O. was coming into being. Here he helped organize this local union along with several other Reds, monthly Young Communist League members including Nydia Barker. He became an official of this local union and records state he was elected President of the local in 1936. Nydia Barker became Recording Secretary and with their positions held this local under communist control and did much in supporting Walter Reuther in his West Side Locals of the U.A.W. in creating sit-down strikes in the different automobile plants on the West Side of Detroit. In 1937-38, he became connected in some way with the Packard Local and in addressing mobs from the employment office gates there during a sit-down strike, displayed a Packard badge on his coat. It is believed that he borrowed or stole this

(Detroit file 100-1828)

badge inasmuch as it never has been known whether or not he left the employ of DeSoto. During this period he also was a member of the District Committee of the M.E.S.A., an organization composed of skilled workers, mainly tool and die makers. Prussian is a laborer, or simply a production man and not skilled. This must be mentioned in order to show the skill of this man as a Communist being able to get on the leading committee of an organization such as the M.E.S.A. (Mechanic's Educational Society of America).

"The above gives an outline on his industrial communist activities. It would lead one to believe he had no time for anything else. However, he was instrumental in having his local unions in all cases affiliate to the Conference for the Protection of Civil Rights, Financial Aid to the Abraham Lincoln Brigade, support the American Youth Congress and participate in these organizations. Prussian has been a member of the Young Communist League Unit #2, Section 1, Oakland Section, from 1933 to 1935. In 1936 he was transferred from the Young Communist League to the communist party. This happens to be simply formality, as Prussian like other Young Communists, or communists, when in strategic position take most their orders and directions from the district organizer personally, which during the year mentioned was William Weinstone. Prussian in the communist activities, affairs, mass meetings, etc., attends with his wife Molly. Conventions such as the League Against War and Fascism in Cleveland, 1935, American Youth Congress, 1936, 1937 and 1938. Week ends at Camp Liberty when not conflicting with his other organizational affairs.

"There is one weakness of Prussian and his wife as communists that they both have failed to correct. This fault, which is very pronounced is: Jewish Nationalism or Jewish Supremacy. Leading communists attempt to cloud their resentment against other communists who are Christians. In communist circles they will associate only with the Jewish Reds and the Negroes. They both cater towards the Negroes. Probably this is because if they do not they will be accused of the unforgivable sin of 'White Chauvinism'. Neither of them has a pleasing personality and are out to bring their race to the forefront. While this is true among all Jewish communists, it is exceptionally so in their case!

On or about October 30, 1941, Custodial Detention memorandum was submitted to the Bureau.

assigned to Tucs, New Mexico, but possibly would be sent to Texas.

On March 29, 1942, EARL PRUSSIAN and his wife packed their belongings and stated they were going to Lordsburg, New Mexico, where the Army was going to construct a cantonment.

In his conversation with Dr. HARRY KATZ, which occurred a few days before Dr. KATZ left Albuquerque, (where he has been employed as a physician at the U. S. Veterans Facility for several years) on transfer to the Veterans Hospital at Lincoln, Nebraska, Dr. KATZ asked PRUSSIAN, "How are you going to get by the FBI in getting a Government job?", and PRUSSIAN replied, "Well, WINSTON is out of town and busy right now, and I will be able to get out of town before he learns of my leaving". Dr. KATZ also asked him about going into the Army, and PRUSSIAN replied, "I am not going into the Army. I am going to appeal from my classification, as I have to support my wife, and a physical examination of her will prove she is unable to work".

Informant A further advised that since last contacted Professor SWALLOW of the University of New Mexico has called upon the PRUSSIANs at their residence two or three times and Mrs. SWALLOW has been over to see them a number of times; and when the PRUSSIANs packed their personal belongings they stored what they could not take with them to Lordsburg in their car with Professor SWALLOW.

Subject is not registered at any of the Local Boards in Albuquerque, New Mexico.

RONALD KRONAN, Assistant Director, U. S. Employment Service, Albuquerque, stated that EARL PRUSSIAN is classified as an "Interviewer" and was employed about March 15, 1942, by that service and worked in the office in Albuquerque as a sort of student before being sent out on assignment; that on March 30, 1942, he was ordered to report for duty at Lordsburg, New Mexico, where the U. S. Army Engineers have the duty of "processing an Army cantonment", and it will be PRUSSIAN's duty to interview applicants for work on that construction project. His salary is paid by the United States.

"I, KARL PRUSSIAN, 33 years of age, was born at Brooklyn, New York. My father and mother emigrated to New York from Russia. My great grandfather was German on my father's side. Both of my parents were born in Russia of Jewish parentage. I attended grade schools in Brooklyn and in Detroit, Michigan and also attended WAYNE University in Detroit. I did not graduate, but withdrew in 1932.

"About April, 1932 a man by the name of BARTON came around the University with magazines called the "Student Review", edited by one HENDERSON, I believe LEON HENDERSON of Columbia University. The WAYNE University at that time was considering raising its tuition. BARTON and one WILLIE GOETZ, who later committed suicide, a girl by the name of NYDA BARKER, and a girl by the name of MARY HIMOFF called a meeting of the entire student body for the purpose of resisting the contemplated increase in tuition. Two or three days thereafter another meeting was held, some 300 hundred students signed up and formed an organization called the National Student League, of which I was elected Chairman. I made a speech and the newspapers immediately called me a Communist. My parents objected to my actions. I left home and quit the University. I then went to Flint, Michigan looking for work. NYDA BARKER came to Flint, Michigan and introduced me to a man called ARRO, I believe that was his name. I worked in a restaurant in Flint and stayed at ARRO's house out on Carpenter Road there. I became acquainted by living out there with a crowd of boys, and we congregated at night in a shed on Carpenter Road and we would play cards in the shed. They planned to hold-up a store in Flushing, Michigan to get boots and clothing. I told them not to do that, but to go to the City Council and ask for those things and they would get them. They promised not to rob the store in Flushing, but they did anyhow. They all were arrested and convicted in Flint, Michigan. WILLIE GOETZ came to Flint and got hold of me. He was then accompanied by the girl NYDA BARKER, and they told me to call a meeting to be held at the Council Meeting the following Monday night, and that he would get out a circular; and protest the arrest of those boys, because all they had done was to burglarize a store in order to get clothes which they needed, and in that meeting demand that the City set up soup kitchens. Mayor McKEGEN did not take to the idea we tried to put over at that meeting, and the newspapers came out with big head lines about the meeting and featured me. The newspapers in Flint backed me up in my demands at that time.

"As a result of that meeting WILLIE GOETZ, NYDA BARKER and myself formed a club called the "Young Relief Fighters". The Flint Journal and the Union papers of Flint backed up the movement.

"Shortly after the above, another meeting was called at the City Hall to press the demands set forth above, and I was arrested there with 9 others. No charges were placed against me. I was questioned by Federal Men, but I do not believe they were FBI Agents. I was released and stricken with peritonitis. I went back to the home of my parents in Detroit. While recuperating during the early part of the summer a man by the name of WILLIAM WEINSTONE, head of the Communist Party in Detroit, came to see me, and asked me if I would accept a job in one of their camps as Physical Instructor. He originally wanted me to go to a camp called "Workers' Camp", but they sent me to the "Finnish Federation Camp". He told me it was not a Communist Camp, but they must have been in control of the Board, because they got me the job. I worked there all during the summer of 1933. At that camp, I met MOLLY WILNISKY, whose father was a rabid Communist who lived at 564 Holbrook Ave., Detroit, Michigan. She and I married at Detroit in September, 1933.

"In the fall of 1933 I got work with the Briggs Motor Car Company in Detroit. A man working in the plant got his hand cut off. The AF of L was then trying to organize the plant, so myself and 12 others reported that incident to the AF of L, and told them the reason the man had lost his hand was because the foreman had told us to use just one button instead of the two, and that caused the machines to repeat, and that was the reason he had lost his hand. We had some negotiations with the company officials. The AF of L called a meeting attended by 50 of the workers. I was elected Secretary and representative to the District Council of the AF of L. The day after that meeting, myself and 11 other men were fired. After being fired I worked for AF of L. They were not making any head-way at all in organizing the plant. WILLIAM WEINSTONE was contacting me all along. I tried to get work elsewhere but owing to the black-list could not do so. I took the assumed name of RUDOLPH WEISS and got work at the Packard Motor Car Company. The Mechanics' Educational Society was the Union there, headed by MATTHEW SMITH, an anarchist. He called a meeting of the plant about discrimination against a union member, in an effort to organize the plant. It was well attended. I was elected President of the Packard Local, called the Mechanics Educational Society of America, and also as Secretary to the District Council of the MESA. MATTHEW SMITH called a strike. I was picked up off the picket line with others. No charges were filed, just questioned and released. In the spring, 1934, after the strike was settled I was fired. I had attempted to straighten out the matter of my name, and that is why I was fired.

"I worked along with the MESA, and after it came into the AF of L, which move I favored. All during that time meetings were being held by NAT GANLEY, a Communist, JOHN ANDERSON and WILLIAM WEINSTONE, both also Communists, at which the following persons would attend:

RICHARD FRANKENSTEIN, V. P. UAW now;

WALTER REUTHER, V. P. CIO now;

R. J. THOMAS, president then of
the Chrysler Local;

VICTOR REUTHER, an officer in the CIO;

at these meetings they would discuss the policies of the Union. That was the way they got HOMER MARTIN out as President of the CIO, Auto Workers. The reason for getting him out was because they claimed he was associated with the Bund, Black Legion, and Manufacturers.

"I got in the CIO when I went to work with the DeSoto Automobile Plant in 1937, under the name of BEN DASKIN. RICHARD T. FRANKENSTEIN called a meeting of that plant. He backed me and I was elected president of the DeSoto Local of the CIO, Local No. 227. That is when the sit-down strike occurred at the DeSoto Plant. I represented the DeSoto Local in the National Negotiations Committee with the Chrysler Corporation. The negotiations continued 2 months.

"Along toward the end of the year 1937, WALTER REUTHER propositioned me to have my Local come in with him for the Convention. R. J. THOMAS propositioned me to hand my local over to him because he was President of the Chrysler Local. RICHARD FRANKENSTEIN wanted me to turn my membership Local over to the Dodge Local for the convention. HOMER MARTIN, who wanted to swing the automobile workers back to the AF of L, wanted me to turn my local membership votes over to him for the Convention.

"WILLIAM ALLEN, who was in charge of the whole area out on the west side, who was very intimate with me, used to contact VICTOR REUTHER and the other Union heads and wanted me to back FRANKENSTEIN. Just prior to that I resigned at the Plant under agreement with Mr. WECKLER, head of the Personnel Division of the Chrysler Corporation, upon his agreement to use my correct name, KARL PRUSSIAN, in answering letters where I give him as a reference. I promised to resign and quit the whole thing. At about that time I was defeated as President of the DeSoto Local by RICHARD LEONARD. My wife and I separated at about that time also, and I moved to Fisher Lodge where the unemployed single fellows reside.

"While at the Lodge I got work on the WPA grading alleys, and was later transferred to the Historical Records Section, WPA, at Detroit. That was in 1938, the early part. I applied for a job with the Department of Commerce, Bureau of Census. I took an examination and got the top grade. I taught Census enumeration procedure. I was in charge of the greater part of the 13th Congressional District. That job folded up in July, 1940. I registered with the Selective Service Board in Detroit. Prior to that time I had met a Miss DOROTHY HARRIS of the Art Project, WPA. My wife obtained a divorce. I had been caring for DOROTHY HARRIS in a hospital where she was suffering from Rheumatic fever. The Doctor recommended that she be sent to New Mexico. She has an Uncle, Dr. LEE, at Espanola, New Mexico. About the middle of 1940 she came to Santa Fe, New Mexico and shortly thereafter I followed and we were married at Santa Fe. Dr. LEE advised us to come to Albuquerque, New Mexico where I might find employment. I decided to go into the drug packaging business. I got 10,000 cans from the R. C. Can Company, and mixed a solution called Soldex for radiator solder. Then I ran out of aluminum so had to look for work. I became acquainted in that way with a printer on Silver Avenue by the name ALLEN SWALLOW, through whom I got labels for my cans. He only had a hand press at that time. He now is a Professor of literature at the University. He calls his business now the "Big Mountain Press" and publishes a pamphlet called "The Sage Books", consisting of poems mostly.

"I got a job at Givens Shoe store for awhile. I sold a pair of shoes to one [REDACTED]. He was employed by the U. S. Engineers, War Department. He suggested that I ask for a job with the War Department. I applied for a job as Junior Clerk at the Air Base on February 4, 1941, and was employed the same day. Worked there until November, 1941, when I was discharged because "it was not to the best interests of the War Department for me to be employed there". In trying to get re-instated or cleared, I submitted letters to both Lieutenant Colonel [REDACTED] Ft. Sam Houston, Texas, and had conversations with Captain [REDACTED] at the Air Base at Albuquerque, also with Captain [REDACTED] Personnel Officer, U. S. Engineers, War Department, Albuquerque, N. M. He suggested that I discuss the entire matter with the Federal Bureau of Investigation.

"I never became a member of the Communist Party any place. I had an application blank, not executed, to become a member once in my pocket when arrested at Detroit, Michigan. Police Sergeant [REDACTED] took it from me. WILLIAM ALLEN gave me the application blank.

"I recall being in Santa Fe, N. M. during the last Fiesta. We saw very few people there. We stopped over at the McCROSSENS' home and spent the night. My wife and I had never seen the McCROSSENS; a Doctor by the name of SHAFFERMAN of Detroit told me to look up GEORGE when I came to Santa Fe. When I first came to New Mexico I asked him for a job but he didn't have one for me.

"My wife and I did go to a saloon there in Santa Fe that night. I think we went there with the McCROSSENS, and they left us there. My wife nor I neither drink, so we stayed in the saloon for awhile and didn't know a soul in the saloon, so we left and went to McCROSSENS' home. I do not remember seeing you (WINSTEAD) in that saloon that evening. I do not know JIM ALLENDER. I don't know VINCENT GARAFFOLO. If they were in that saloon I don't know it. I don't recall anybody there saying anything to me, except to have a drink. I don't recall anybody saying anything about "here is a boy from the Albuquerque Air Base", or any such similar statement.

"I have no associates here in Albuquerque. I did formerly live at the Casa de Armiijo in Old Town, Albuquerque, but now reside 312 South Yale Avenue.

"I do not care to change anything in the two above paragraphs in any way. I came here to furnish information that might be of any value to the Government, and to clear myself of any suspicion held against me as to any subversive associations or activities.

"The above statement is made by me voluntarily to Special Agent C. B. WINSTEAD, FBI, U. S. Department of Justice, Albuquerque, N. M. this 2nd day of February, 1942. I came to furnish this information upon my own volition, without any request from any Agent of the Government, and was made without promise of reward or immunity and without threat or force."

TITLE KARL PRUSSIAN, With Aliases SA GOLDSTEIN, BEN BASKIN, PROFESSOR EDGAR ALLEN SULLOW; DOROTHY PRUSSIAN, Nee, DOROTHY HARRIS			CHARACTER OF CASE INTERNAL SECURITY - R; ESPIONAGE

SYNOPSIS OF FACTS: Subject KARL PRUSSIAN, formerly employed at Albuquerque Air Base, U.S. Army, discharged as result of investigation. He stated to Subject SULLOW, 12/10/41, that, "My only hope for getting information is to be re-instated in my job at the Air Base." Names of various associates and contacts, some of whom have been reported, set out in this report.

DETAILS:

- AT ALBUQUERQUE, NEW MEXICO -

This investigation is predicated upon receipt of information from Confidential Informant A, who stated that on the afternoon of December 10, 1941, at about 1:30, she overheard a conversation at Apartment 8, 312 South Yale Avenue, Albuquerque, New Mexico; that this apartment is occupied by KARL PRUSSIAN and his wife DOROTHY PRUSSIAN; that KARL PRUSSIAN formerly was employed at the United States Army Air Base at Albuquerque, but was discharged. This conversation was among KARL and DOROTHY PRUSSIAN and a Professor at the University of New Mexico, whose name was not disclosed during the conversation, to the Informant, and the conversation started out in the nature of an argument between the Professor and KARL PRUSSIAN, the first thing overheard by Informant, and which caused the Informant to pay attention to the ensuing conversation was:

The Professor: "You should have had better sense than to give my name as a reference, because you have been laid off out there and they are investigating you, of course they will investigate me."

(An investigation recently conducted by G-2 resulted in the dismissal of KARL PRUSSIAN from his position at the Army Air Base at Albuquerque.)

The Professor, continuing, "In fact they came and asked me point-blank if I had been investigated by the FBI, and I flatly denied it. When they asked me how well I knew you (PRUSSIAN), I answered by saying I had met you at a party."

PRUSSIAN said, "Well, when I gave you as a reference and they asked me how well I knew you, I said not too well, I had met you at a party, so our story about our acquaintanceship was pretty well the same."

PROFESSOR: "Well, I want to keep my job at the University."

PRUSSIAN: "Well, I want to get back in at the Air Base, and I had to give someone as reference. The local references I gave were you, DR. LEE of Espanola, and a Lieutenant Colonel, (who is in Panama). I didn't dare to give DR. HARRY KATZ or VINCENT G. GIOFFOLO," and in some way PRUSSIAN said he "didn't or couldn't give DR. WINN" (who is at the Franciscan Hotel.) He stated, "My only hope for getting information is to be re-instated in my job at the Air Base". I only made one mistake - I have not attended any parties and haven't been seen out with anybody - but during the Fiesta at Santa Fe, I lined up at the bar with 'ALLEN', (probably ALLENDER) at the bar and he was drunk and said, when I got in, "Where is our little friend from the Air Base, wonder what he can tell us today?" I don't know whether there was a spy in the bunch then or not, but there could have been. So if I don't get back on the job at Albuquerque Air Base, my last chance to do any good is gone, and I will have to be moving on."

PROFESSOR STALLON: "Well, I want to keep my job at the University. I am getting set here." And, they agreed then that neither would mention the other's name as an acquaintance, and sit tight to see what happened.

PRUSSIAN mentioned CRITCHLOW, (who is an instructor at the University), and who resides at [REDACTED] Albuquerque.

E.P. FILE #100-1060

(Informant could not understand what PRUSSIAN said concerning CRITCHLOW, but she advised that MR. and MRS. CRITCHLOW and a MR. and MRS. SWALLOW, MRS. SWALLOW'S given name is HILZ, and one, JOSEPH LIBERTIAN of 1020 North 11th Street, Albuquerque, are frequent callers at PRUSSIAN'S apartment. Also DR. HENRY KATZ, a Doctor at the Veterans Hospital, and his girl MELBA KATZ, whose father operates the Hilltop Bakery on East Central Avenue, are very frequent callers at the PRUSSIAN Apartment.)

PRUSSIAN lives with a woman, who is supposed to be his wife, and who is known as DOROTHY PRUSSIAN. She came to Albuquerque from Detroit, Michigan, approximately 2 years ago, and DOROTHY stated to Informant that PRUSSIAN had come to Albuquerque a month or two before she came here; that she is a niece of DR. T. C. LEE of Espanola, New Mexico, and she on occasions uses Informant's telephone, and always in identifying herself, uses the name DOROTHY HARRIS. She is a portrait artist. She left Albuquerque on the 9th of October, 1941, to visit her mother, (name not known) near Flint, Michigan.

On Saturday, December 6th, 1941, between 11 and 12 o'clock, in the morning, both PRUSSIAN and DOROTHY came in to her (the Informant's) apartment and asked to use the telephone. DOROTHY placed a long distance call to DR. T. C. LEE at Espanola, New Mexico, and upon getting her call through asked for the address of _____ (name not recalled), a Lieutenant Colonel of the United States Army, who is stationed in the Panama Canal Zone. DOROTHY talked first on the call, then PRUSSIAN talked, and asked DR. LEE if that was the way the Colonel had been getting his mail, and stated, "I just want to write him a letter."

On completion of the long distance call, PRUSSIAN then called the Air Base on the telephone and talked with some one and stated, "I have that address I told you I would get," and he then gave the name and address of a Lieutenant-Colonel, Panama.

On Sunday afternoon, KATZ and DOROTHY PRUSSIAN left the house in their car, and did not return until Monday afternoon, (December 8th) after 5:00 o'clock.

During their conversation with the University Professor, PRUSSIAN said, "We went up to Espanola, New Mexico, and got DR. LEE to write a letter of recommendation for me for the signature of Colonel _____ in Panama, and requested that he return by Air Mail to the Albuquerque Air Base, and if he signs it and sends it back right away, it should get me my job back and it should only take a few days for our letter to get to the Colonel, as we sent it Air Mail, and if he sends it back Air Mail to the Air Base it should be here in just a few days."

E.P. FILE #100-1060

PUSSIAN has a Chevrolet Sedan Coach, Olive Green Color, license No. New Mexico 11-755. He was cited for over-parking sometime about the 1st of October, 1941, the same day he bought a radio at Weidling's, but he did not appear, and sent some one else down to answer the Citation. DOROTHY advised Informant that neither she nor KALL had ever obtained New Mexico Driver's licenses.

In his conversation with the Professor on the afternoon of December 10th, 1941, PUSSIAN made the following statement, the significance of which she (Informant) does not know, "Yes, I was in the office when all of that happened," and referred to something about a fireman.

The only other persons Informant can recall who have visited at PUSSIAN'S apartment since he moved there August 24th, 1941, are DR. LEE'S daughter (Nee: PEGGY LEE) on one occasion; The Catholic Priest from Yaleta, New Mexico has been to see the PUSSIAN'S several times, (but apparently only for the purpose of trying to interest DOROTHY in making clay pottery.) A foreign appearing Sergeant who was stationed at the Albuquerque Air Base, and who left here with the first contingent which went to the Philippines.

Informant stated that until the conversation overheard December 10th, between PUSSIAN and the PROFESSOR, she had not known that PUSSIAN had been discharged at the Air Base, as he had told her they wanted him to transfer to Alaska, but on account of DOROTHY'S health he wouldn't go there.

Confidential Informant B, stated that KALL PUSSIAN furnished the name of Lieutenant Colonel FRUCHT, stationed in the Panama Canal Zone as a reference on December 6, 1941.

Confidential Informant C stated that the following is the University record of Professor SHALLO:

Name:	EDGAR ALLEN SHALLO

He is the father of PEGGY LEE, who married a University Student by the name of HOWARD BERLINER, who was given a deferred classification by Local Board number one, Albuquerque, because of his being married; although he did claim conscientious objection and stated in his questionnaire that he has never been associated with any organization, but hates war or any animal conflict, by man or nation, but would fight if the United States were invaded or attacked. His last communication to the Local Board was November 10, 1941, giving his address as care of the Little Pecos Mine, Mogollon, New Mexico. Confidential Informant A, on December 19th, 1941, reported to the El Paso Division the following:

Dr. HARRY KATZ visited PUGSLIN on Saturday afternoon, December 13, 1941. He was alone, and the following conversation ensued:

KATZ: "Did you get back on at the Air Base?"

PUGSLIN: "No, I am still waiting for that letter from Colonel FRIGIN. I have this job at LEVIN'S through Christmas, and if nothing shows up for me at the Air Base, I am going to try to get in with the Democratic Party. I have talked with LUTCHINI and GUY SHEPPARD, (State Democratic Chairman). I told SHEPPARD about being connected with the present Governor of Michigan, who was State Chairman there, and I was connected with him through BILLY ALLEN. SHEPPARD beamed when I suggested he

might run for Governor someday. If I don't connect here, I am not going to quit. I'll get connected some place else."

KATZ then left.

DOROTHY PRUSSIAN asked Informant how her husband could file an application with the Santa Fe Railway for a position.

Confidential Informant C advised that Professor ALLEN STALLON, English Teacher at the University of New Mexico associates with the crowd, which included VINCENT CARAFFOLO and MELBA KATZ.

Reference is made to your letter dated October 25, 1944, requesting that the San Francisco Field Division be designated as the office of origin in this case. A review of the file in this case discloses that there has been no evidence of Communist activity on the part of this subject in the past several years. Regardless of his admitted record as an agitator in various industrial plants in which he was formerly employed a number of years ago, there has been no information developed since the inception of the Bureau's investigation of this subject to show that he is continuing these activities and there is nothing to indicate that he is engaged in subversive activities in the San Francisco area at the present time.

In view of this, your request to change the office of origin to San Francisco for the purpose of continuing the investigation of this subject is not being granted. It is suggested that you furnish the San Francisco Field Division with copies of all pertinent serials relating to this investigation and then place this case in a closed status.

In the event any agitation at his place of employment or activities on behalf of the Communist Political Association on the part of this subject subsequently comes to the attention of the San Francisco Field Division, it may consider itself the office of origin in reporting these activities.

On August 17, 1944 Source of Information T-1 indicated that as of August 9, 1944 the subject was residing at Route #1, San Antonio Road, Los Altos, California.

Under pretext on July 18, 1944 the writer personally contacted Mrs. ROSE PRUSSIAN, mother of the Subject, at 12812 Montville Court, Detroit, Michigan, and ascertained that the subject was presently employed by the Kaiser Shipbuilding Company in California. Although efforts were made to obtain the subject's residence address from Mrs. PRUSSIAN, she professed ignorance of this information.

(De 100-1828)

In an effort to obtain Selective service information relative to the Subject, the writer contacted the following local selective service boards in the Detroit area: Nos. 27, 32, 34, 39, 40, 41, 53 and 54. It should be noted that these boards cover the area surrounding the address of 12812 Montville Court where the Subject is believed to have been residing upon the registration date. None of the boards enumerated, however, had a record of the Subject's Selective Service registration.

It should be noted, however, that Local Draft Board No. 33 holds the records for the father of the Subject, HARRY PRUSSIAN, residing at 12812 Montville Court. These records, produced by Miss S. COHEN of Local Draft Board No. 33, indicated that HARRY PRUSSIAN was born July 12, 1879 at Bobrusk, Russia; that he is presently employed by the Ford Motor Company at the Lincoln Plant, Detroit, Michigan, and that one SALLY DAVIS of 4002 Clements Street, Detroit, Michigan, is the person who would always know his address. It is pointed out at this time that SALLY DAVIS is the daughter of HARRY PRUSSIAN and the sister of the Subject.

In an effort to obtain additional information relative to the Subject, his place of residence in the Detroit area and other information, the writer contacted Mr. JOHN C. KING of the County Clerk's Office, Wayne County, Michigan. Mr. KING produced a marriage license, No. 553899, bearing date of September 17, 1940. This license reflected that one CARL K. PRUSSIAN, age 30, born in New York City, was living at 12812 Montville Court and that he was applying for a license to marry one DOROTHY M. HARRIS, born at Detroit, Michigan, and also living at 12812 Montville Court. Mr. KING advised the writer that although the license had been issued September 17, 1940, there was nothing in his records to indicate that the marriage had been consummated nor the completed license returned after the ceremony.

While reviewing the April 9, 1938 issue of the Detroit Saturday Night, a weekly newspaper formerly published in the Detroit area, the writer obtained information pertaining to the Subject from an article in the newspaper of that date. Although this article failed to set forth the sources of the information it contained, the facts therein are being set forth here for whatever value they may have to this investigation.

The article indicated that one KARL PRUSSIAN, alias BEN BASKIN, alias RUDOLPH WEISS, had been employed by the Briggs Manufacturing Company at the Mack Avenue Plant, Detroit, Michigan in 1935 and while so employed had joined the UAW union. While so employed PRUSSIAN was active in the Briggs Mack Unit of the Communist Party and was organizing for the National Students League. This article stated that PRUSSIAN was in frequent attendance at meetings of the Young Communist League while employed by the Briggs Company. Under the name of RUDOLPH WEISS in April or May of 1935 the subject was elected a member of the strike committee of the Packard

(De 100-1828)

Motor Car Company. In May of 1935 the subject, as an employee of the Packard Motor Car Company, headed the Communist Party newspaper issued for Packard employees, the newspaper bearing the title of "The Hell Hole News."

On May 20, 1935 while making an inflammatory speech at the Packard Motor Car Company, the subject was arrested and at that time admitted being a member of the National Students League and the Young Communist League.

On December 1, 1935 the subject was elected a member of the M. E. S. A. District Committee. On September 26, 1936 the subject was reported to be in attendance at a Liberty Hall sponsored by the Michigan Youth Congress and in February of 1937 was acting as President of the De Soto branch of the UAW local. Shortly thereafter he was accused of being a Communist within the local and was defeated in an election. In 1937 the subject was reported in attendance at meetings of Unit No. 1 of the Communist Party, these meetings being held at 506 Mt. Vernon Street, Detroit, Michigan. In February of 1938 subject was arrested by the Detroit Police and was found in the possession of Communist literature and credentials.

In accordance with the referenced telegram requesting that the instant investigation be discontinued, no further action will be taken in this matter unless advised to the contrary. This case is therefore being regarded as referred upon completion to the office of origin.

"When a Communist heads a government in the United States -- and that day will come just as surely as the sun rises -- that government will not be a capitalistic government but a Soviet government, and behind this government will stand the Red Army to enforce the Dictatorship of the Proletariat."
- William Z. Foster, Chairman of the Communist Party of America.

VOL. 1 "Dedicated to fight and expose Communism - everywhere." NO. 1

RESTORE THE CROSS! The great Easter Cross atop a Redwood City hill was visible for several miles until destroyed by vandals. Citizens organized a committee to replace the Cross. Then, on Feb. 6 the American Civil Liberties Union threatened legal action in a letter to the City Council against replacing the Cross.

Alarmed citizens recognize that the issue is actually whether or not Americans will retain their right to establish inspirational religious symbols in natural settings and enjoy civic Christmas celebrations.

Letters of support for the Cross poured into the City Council, and on March 6, 1961, the Council unanimously passed a resolution which in effect assures restoration of the Cross. It is believed, however, the ACLU will continue to harass the restoration by restraining orders.

In Russia, Red China and all communist-captured countries, the anti-Christian communist zealots have made it illegal to exhibit the Nativity scene or to observe Christmas in the schools, and teachers are forced to teach that belief in the Supreme Being is a capitalist myth. Quoting National Republic Magazine, Sept. 1957, Governor Brown, when he was Attorney-General, is alleged to have ruled that no teacher may open a class with even a simple prayer to Almighty God. He had also ruled that God cannot be mentioned in the classrooms!

THE CROSS MUST BE RESTORED. Rush funds to the Easter Cross Fund, Fred B. Walker, Wells Fargo-American Trust Co., Broadway and Main, Redwood City, California.

PIKE AN ATHEIST? In 1926, Bishop William Montgomery Brown was tried for heresy and excommunicated by the Protestant Episcopal Church for espousing the cause of Lenin. Today, Bishop Pike of the Episcopal Diocese of Northern California is carrying on where Brown left off. Pike today makes Brown of yesterday look like a "piker" when it comes to heresy. Pike is consistently lauding atheist Red Russia, China and Cuba, while pouring out statements of discredit against the United States and the rest of the free world. He repeatedly condones agnosticism and atheism.

Pike was at one time a Catholic, and then an apostate Catholic, then an atheist, and later on an Episcopal rector, and finally the San Francisco bishop. He is, today, in the opinion of the writer, a Leninist whose beliefs if legislated today would seat butcher Nikita right in the White House. A GREAT MOVEMENT OF EPISCOPALIANS FOR HIS DISMISSAL IS NOW UNDER WAY, AND IS INDEED IN ORDER.

A WORD ABOUT THE PUBLISHER

Mr. Karl Prussion, who publishes "HEADS UP", is a former FBI undercover agent investigating Bay Area communist activities. His career as an enemy of communism and his long study of its infiltration into our social, economic and political life makes his revelation of communism's evils authoritative and invaluable. This newspaper and its fight against communism is supported by contributions. Assist this effort by helping get more copies of the paper into the hands of people who are as yet unaware of communism's threat to our very lives. Send contributions to P. O. Box 913, Los Altos, California.

COMMUNIST "No parliament can in any circumstance be, for communists, an
 DECEIT arena of struggle for reforms...state institutions must be used
 EXPOSED ! for their own destruction. A communist must conceal the truth
 in order to get into trade unions, social organizations, and
 political parties - stay there, and conduct the revolutionary work within."
 - Collected works of Lenin.

Testimony before the House Un-American Activities Committee reveals that many members of the communist conspiracy have run for public office in California. In so doing, they have violated the laws of our state and are open to perjury charges. All candidates for public office must swear that they are not and never have been members of the communist conspiracy.

Three such persons are Alan Isaksen, Holland Roberts, and Isabelle Cerney. TO DATE, ATTORNEY-GENERAL MOSK HAS FAILED TO TAKE ANY ACTION AGAINST THEM. If our Attorney-General does not prosecute, he is not fulfilling his oath of office, is condoning perjury, and facilitating the political deception of our citizens.

WIRE MOSK NOW. DEMAND IMMEDIATE INVESTIGATION AND PROSECUTION. URGE YOUR ORGANIZATION TO DO THE SAME.

BELIEF Godless communism promises everything, takes all, returns nothing.
 IN GOD If young people who enthusiastically join forces with communism
 REWARDING. had adequate religious home backgrounds, they would realize
 that God supplies all needs abundantly every moment, telling us
 what to do, how to do it and when; how to find a home, jobs, sufficient income,
 friends. This is true today as it was in Bible times, when the prophet said:
 "This is the way, walk ye in it, when ye turn to the right hand and to the
 left." - (Isaiah 31:21)

TESTIMONY Objections to the hearings by the House Un-American Activities
 AT S. F. Committee in May, 1960, were only a smoke-screen to hide the sig-
 HEARINGS nificant part of the hearings. This is the testimony given by
 Barbara Martle and Karl Prussion.

This testimony has never been contested or refuted by the communists or their apologists, nor by any individual or organization named. It is all truth that is self-evident and based on facts.

This alarming testimony calls for immediate response by the citizenry. Write to your congressman and ask for the 4 booklets, entitled, "Northern California District of the Communist Party - Structure, Objectives, Leadership -- Hearings Before the Committee on Un-American Activities, House of Representatives, 86th Congress, 2nd Session. Parts I, II, III, & IV, May 12, 13, & 14 and June 10."

These booklets contain enlightening information, and are an excellent guide to action. The Committee of Loyal Americans has a few copies of this testimony available.

DARK DAYS On Nov. 12, 1933, the United States recognized Red Russia - a
 IN OUR dictatorship built on mountains of human skeletons and rivers
 HISTORY of blood. One of the provisions of this blunder was that the
 Reds would refrain from propaganda subverting and overthrowing
 our government. Thirty days later, recognition accomplished, the Communist
 International directed the communists in the United States to continue the
 Leninist tactics of subversion and infiltration for the overthrow of our
 government.

No communist treaty is made in good faith. To these liars and betrayers of freedom, agreements are tactics of expediency that can be changed without notice.

"Premises are like pie crusts - only to be broken." - Lenin

**"SPIT ON
THE FLAG!"**

On December 12, 1960, students of San Jose State College listened to Milton Mayer, "Historian" and "Journalist", sponsored by the Department of Sociology and Anthropology. In his lecture, he stated, "Military courage is conscripted courage", and "Soldiers are brave only because they fear court-martial."

This is slander on the armed forces of our country and is part of the Red conspiracy to demoralize our citizenry. If this is so, then we have quite a few cowards protecting our country. We wonder if he would have the nerve to face a private in the Army and make this statement. It is appalling that the men who are responsible for the education of our young people did not check either the man or the lecture he was going to give. At a meeting in Syracuse, New York, on February 17, 1947, Mr. Mayer made this statement: "We must haul down the American Flag - haul it down and stamp on it and spit on it."

An Editor's Note appearing at the end of a letter in the Times Forum of July 2, 1953, stated, "Alan Cranston of Los Altos, past president of United World Federalists, denies the statement, 'We must haul down the American Flag,' is correctly attributed to Mayer, declaring the Chicago educator won a libel suit against the Syracuse newspaper that quoted him. The librarian of the Syracuse Post Standard in a letter dated Jan. 7, 1961, answered an inquiry regarding Cranston's statement in this way: 'The reporter who covered the assignment was a careful one. Mr. Mayer was quoted correctly. The Post Standard did not make an apology, nor were we sued for libel.'"

AMERICANS - Do you want this communist apologist lecturing to our young people?

**WRITE YOUR STATE DEPARTMENT OF EDUCATION! DEMAND
THAT PERSONS OF THIS CALIBRE NOT BE ALLOWED IN OUR
SCHOOLS.**

**S. F.
MAYOR ON
RIOT FILM**

Mayor Christopher, long silent about the riotous actions of communists and a few students during the hearings conducted by the House Committee on Un-American Activities last May, has at last verified authenticity of the film, "Operation Abolition." This has struck a death blow to the communist campaign to discredit the Committee and the excellent Congressional film.

Mayor Christopher stated in part - "Known communists were in the lead of these demonstrations...I must say these people did violate the normal rule of conduct. The pictures I believe speak for themselves. They are authentic and they tell the real story."

**THE COMMITTEE ON UN-AMERICAN ACTIVITIES WILL HOLD ANOTHER HEARING IN
SAN FRANCISCO IN THE IMMEDIATE FUTURE.** Let us prepare to give the Committee a rousing welcome upon their arrival - date to be announced later.

**LENINIST
DIRECTIVES**

Revealed for the first time is the following directive issued to all Leninists on how to act at a hearing:

"Remember, when in a hearing room, give no information of any kind whatsoever, either about yourself or your fellow worker or any organization to which you belong, or in which you are interested. Bring out the class issues at the hearing...expose the hearing committee as the bosses' tool for suppression. Communists should not only be present in considerable numbers, but the hearing room should be packed with workers and students who need to be 'educated'. Create confusion in the hearing room, plant strategic doubts in the public mind, and demand every right and safeguard provided by the law of the land." - (Communist Party to members in pamphlet, "Under Arrest")

THE ABOVE TACTIC IS FUNDAMENTAL AND ELEMENTARY TO EVERY COMMUNIST

RED PEACE (Excerpts from an address given prior to 1936 by Beria to
THROUGH American Students in the Lenin University before their taking
"MENTAL a course in Psychopolitics.)
HEALING"

"A psychopolitician must work hard to produce the maximum chaos in the fields of "mental healing". He must recruit and use all the agencies and facilities of "mental healing", until at least the entire field of mental science is entirely dominated by Communist principles and desires.

"You must labor until we have dominion over the minds and bodies of every important person in your nation. You must achieve such disrepute for the state of insanity and such authority over its pronouncement that not one statesman so labeled could again be given credence by his people.

"With the institutions for the insane you have in your country prisons which can hold a million persons and can hold them without civil rights or any hope of freedom. And upon these people can be practiced shock and surgery so that never again will they draw a sane breath. You must make these treatments common and accepted.

"By psychopolitics create chaos. Leave a nation leaderless. Kill our enemies. And bring to Earth, through Communism, the greatest peace Man has ever known."

THE ABOVE ADDRESS HAS BEEN USED IN NATIONAL TRAINING SCHOOLS OF THE COMMUNIST PARTY WITHIN THE UNITED STATES. Available in its entirety by writing P. O. Box 913, Los Altos, California.

STATE On Feb. 14, our State Assembly rejected a resolution presented
ASSEMBLY by Louis Frances-R. San Mateo - commending Dr. John Lechner for
SLAPS his "long and distinguished career in educating our citizens
PATRIOT and fighting communism." Dr. Lechner is the recipient of
numerous citations for his efforts on behalf of patriotism.
He has given unselfishly of his time and energies over a decade in the fight for the American way of life. He deserves commendation by all.

It is interesting to observe that the opposition to the resolution was led by one Frank Schuman, a member of the American Civil Liberties Union! Write to your representative now. DEMAND THAT A CITATION BE AWARDED TO DR. LECHNER!

STATE On Feb. 16, our State Assembly, by a vote of 41-16 passed a
ASSEMBLY resolution commending the California Farm Research and Legis-
LAUDS lative Committee - specifically commending the California
LEFTIST FARM REPORTER.

The executive secretary of the Farm Research and Legislative Committee is Mrs. Grace McDonald - for more than a decade active in left wing causes, and a participant in numerous communist front and infiltrated organizations.

Heading the editorial staff of the California FARM REPORTER is one William Reich, who was subpoenaed before the House Committee on Un-American Activities. He did not deny membership in the communist conspiracy. Mr. Reich has for more than 20 years been an active hardcore communist!

Assistant to Grace McDonald is Philip Hunt Davis, a communist, who at one time was arrested in Washington as a vagrant communist; then again for distributing communist literature to high school students. Later his own father, S.P. Davis, testified before the Washington HCU that his son was a devout communist with mental disorders. Philip Davis is the man who recently slapped a woman at a showing of the film, "Operation Abolition", in an effort to provoke violence.

AND AN INVESTIGATION OF THE CALIFORNIA FARM RESEARCH COMMITTEE. Write your assemblyman now. Demand dismissal of both Mr. Reich and Mrs. McDonald. Demand that the California Assembly rescind its commendation of the California Farm Research Committee, and condemn it and the CALIFORNIA FARM REPORTER - two thoroughly - controlled communist instruments!

AMERICANS CONFIDENT ABOUT THE THREAT?

MCA

This newspaper will lend its support to all organizations that are fighting communism. There are hundreds of patriotic organizations and individuals who are doing an outstanding job in the fight against communism, through the circulation of invaluable educational material; through lectures, seminars - wherever people are to be found in groups.

Education, plus organization, plus action can defeat the communist conspiracy. An extensive survey conducted recently reveals that Americans are not apathetic. There are hundreds of thousands of citizens who are thoroughly educated and acutely aware of the danger, but they do not know what to do and how to fight.

There has been enough "lecturing the guards while the Reds are sacking our palaces." We have been sitting on our hands long enough. The acute awareness of the citizenry must be directed in an intelligent manner within our Democratic framework.

The writer believes that of all the organizations in America, the recently formed Committee of Loyal Americans is perhaps best equipped to defeat communism at its grass roots. The purpose of this organization is to educate the individual, and help him find the way to act effectively as an individual, right in his own sphere of activity. How do communists operate and where. How can we find them in our clubs, churches, civic organizations, and political parties? What can we do as individuals to render them ineffectual?

For more information about this splendid organization, write:
National Coordinator, Committee of Loyal Americans, Box 441,
San Rafael, California.

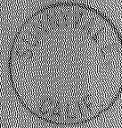

KEEP THE COMMIES OUT OF POLITICS

Let's all support Assembly Bill No. 1263, as introduced by Louis Francis, Republican, 25th Assembly District, San Mateo County, California.

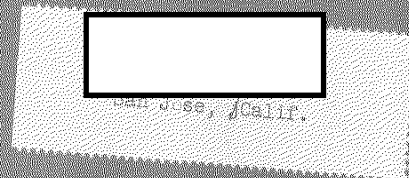

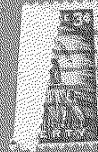

This Bill is designed to amend Section 2540.1 and Section 2540.2 of the elections code as proposed by Assembly Bill No. 8.

It reads, in part: "...no party, including but not limited to the Communist Party, shall be recognized or qualified to participate in any primary election which either directly or indirectly carries on, advocates, teaches, justifies, aids, or abets a program of sabotage, force and violence, sedition or treason against the government of the United States or of this State.

A WORD ABOUT KARL PRUSSION

For 12 years an F.B.I. counter-spy investigating the many facets of Communism in the United States, Karl Prussion secured permission to leave the service of the Bureau in order to carry his story to the public. Like a 20th Century Paul Revere, Prussion has shuttled back and forth across the nation to acquaint the uninformed and apathetic about the growing Red Fascist menace here on American soil.

Prussion is editor and publisher of the fine newsletter "Heads Up", which carries his authoritative observations and timely warnings to all corners of our nation. This publication is made possible entirely by voluntary contributions, which are urgently needed and may be sent to P.O. Box 913, Los Altos, California. Those who wish to know more about Communism's growing conquest of America are also urged to buy Karl Prussion's fine long play record album "Inside A Communist Cell", available for only \$3.98 at Key Records, 7720 Sunset Blvd., Los Angeles 46, California. Karl Prussion is an outstanding authority on Communist techniques. No one who would preserve our American way of life should be without "Heads Up" and the other fully documented anti-Communism ammunition drawn from the contacts and experience of the courageous American, Karl Prussion.

—Major George Racey Jordan

This book is dedicated to a dear friend, Matt Cvetlic, who gave his life in exercising his privilege as an American to fight this conspiracy which has worked so effectively against our country.

PREFACE

When Detroit designs a new automobile, or a missile plant assembles an experimental projectile, the working model is known as "the pilot."

To all Communists in the United States, California is the pilot area. The Golden State has been chosen to be the model Soviet State. It is for this reason that Communist subversives in California are officially dedicated to drive forward to a "strong left-wing centralized hierarchy that must and will control the individual and the family from birth to death." THIS is Communism.

Leninists among us, and their dupes (both knowledgeable and naive) are driving toward this goal at breakneck speed. Their principal tactics are infiltration and deceit, particularly in government. They have been using Governor Brown (Executive), Stanley Mosk (Judicial) plus Gus Hawkins and other Red Frontier state legislators (Legislative). The inroads the Communists have made are appalling. It is with great concern, therefore, that the Editor of "Heads Up" presents this analysis and appraisal, based on his experience as a counterspy working with Communists and upon fully documented records.

CHALLENGE

Karl Prussion will welcome the opportunity to present in a court of law the evidence in his possession regarding the charges made in this issue. He therefore invites legal action by any or all of those named herein.

I UN-MASKING MORRIS STANLEY MOSK

Political gymnast Stanley Mosk "ignored" the official admonitions of both the California Central Committee and the California Democratic Council "not to cooperate in answering questions presented to all candidates pertaining to their attitudes on the communist conspiracy." His answers to the questionnaire, almost 100% at variance with his obviously flagrant condescension to the Communist line, gained for him the endorsement of the Anti-Communist Voter's League. In view of this diabolical maneuver, it would appear to the average voter that Stanley Mosk is now an authentic anti-communist candidate. The truth is that Stanley Mosk is aware of the mounting political strength of the conservative movement in California and is fearful that he could be defeated without capturing a large segment of conservative voters. So Mr. Mosk, this astute, opportunistic, slithering, political charlatan, casts a fraudulent shadow of his actual position to the people of California.

Mosk still remains the greatest single threat to the courageous patriotic anti-communist movement sweeping the state. Californians, whether Democrat, Republican or Independent, must not be taken in by Mosk's political trickery. His record, past and present, reveals him to be a collaborator, appeaser, and consistent supporter of communist objectives in the State.

It is the primary job of the Attorney General to use his high office for the security of the State. The greatest threat to our State is the communist conspiratorial advance that rages unabated. Mr. Mosk has failed miserably in even mildly attempting to halt and destroy this menace of which HE IS FULLY AWARE. Conversely, he has faithfully carried out the Communist International directive "to fight the strong anti-communist movement" with everything at his command.

MOSK, THE PATRIOT-BAITER

On March 23, 1961, Mosk joined hands with the Communist Party and "red-frontiersmen" in Sacramento (such office-holders as Gus Hawkins, John A. O'Connell, Gordon Winton, Jr., Governor Brown and others), in shamefully and indiscriminately describing the orderly conservative movement against red fascism as "radical rightist, Fascist, Nazi, un-American, lunatic fringe-ist, and extremist." Mosk has become the leading national figure in a subversive web that attacks patriots while protecting communists.

Patriot-baiting appears to have been the primary objective of the Attorney General. Many outstanding patriotic citizens, organizations, and publications are his victimized targets. Mosk has launched investigations not of the communist criminal conspiracy, but of good, sound patriotic American groups. The Attorney General deliberately initiated this attack while our legislative body was in session. This attempted political assassination of loyal American citizens was designed to divert the attention of the public from the numerous bills before the legislature calling for laws to help stem the tide of communism. So successful were Mosk and his cohorts that AS A RESULT OF THIS DIVERSIONARY TACTIC, NOT A SINGLE PIECE OF ANTI-COMMUNIST LEGISLATION PASSED DURING THAT SESSION!

During this most critical period, he chooses to carry out a "deep and penetrating" attack on patriotic groups. He, together with Governor Brown, Bishop Pike and other communist apologists started a most shameful and disgusting attack on one of the too few organizations in America that is acutely aware of Red Fascist menace in our midst, and is beginning to combat it in an organized, orderly and intelligent manner--namely, the John Birch Society. Mosk does not attack or investigate the left-wing juggernaut that is steam rolling through our state, because such an attack or investigation could expose him and his associates as communist pawns.

Mosk doesn't want to investigate the John Birch Society. Tell us why, Mr. Mosk?

Both Mr. Mosk and Governor Brown have been requested by the John Birch Society to investigate them. It is their duty to do so, instead of smearing the Society with personal opinions and slander.

Mosk continues to make stupid, childish and asinine statements regarding the Society, which are unbecoming the prestige and dignity of his high office.

He says the members are bound together by an obsessive fear of Communism; he also states that in response to this fear, they are willing to give up a large measure guaranteed them by the United States Constitution. Just exactly what freedoms are being given up, Mr. Mosk?

Governor Brown has made some statements he undoubtedly hopes the voters will have forgotten. He inferred that members of the Birch Society were worse than Communists, and referred to them as Fascists, Nazis and radicals.

Perhaps Mr. Mosk is like Governor Brown, who evidently has no fear of Communism.

Let's have an investigation as to just why Mr. Mosk doesn't want to investigate the John Birch Society. And, if - and when - he does investigate the JBS, why not investigate the ADA and the CFR at the same time?

To understand the duplicity of Mosk, you need to become familiar with the following carefully prepared documentation on this deceitful opportunist. Study the highlights of Mosk's career for the past 22 years and you'll know the man for what he is.

COMMUNIST SYMPATHIZER

On July 19, 1940, George Oliver Bertholon, a counter-spy on communist activities in California, testified concerning political activities in which he had participated. He said that the Communist Party was active in the 1938 elections in California, and that it, in part, worked through the California Federation for Political Unity (cited as a communist front by the California Committee on Un-American Activities in its 1943 report.) He stated that many communists in these two organizations who worked in the 1938 campaign were rewarded with political appointments by the successful Administration headed by Governor Olson. When asked for the names of those Communists, he testified as follows:

Mr. Bertholon: "William Plunkert, whom I have mentioned above; James Burford was made assistant to Claudia Williams; Frank Scully, a fellow traveler, who was made assistant director of institutions; and Mort Newman, who was made director of the Los Angeles N.Y.A.; Morrie Stanley Mosk was made Olson secretary; and I understand that Charles Page was rewarded by Patterson. A number of others were placed in high position by the State Administration, but I do not remember their names."

Mr. Stedman: "Are all the people mentioned above, to your knowledge, members of the Communist Party?"

Mr. Bertholon: "They are, except Morrie Stanley Mosk, who is a sympathizer, but I cannot state definitely that he is a member of the party."

This, then, is the beginning of the political career of Mosk in California.

SPEAKS AT WORKMAN'S CIRCLE RALLY

The Daily People's World of May 22, 1942 (official organ of the Communist Party) reported that one Stanley Mosk, Executive Secretary to California Governor Olson, was introduced and spoke at a meeting of the Workmen's Circle of Los Angeles. The meeting was held on May 17, in the Philharmonic Auditorium. This information appeared in a letter from one A. Rothblatt, of Los Angeles, who stated that Stanley Mosk "hailed the spirit of comradeship and self-sacrifice which manifests itself and grows during the war emergency period."

Communists and left-wingers, indeed rallied together and made sacrifices during the war (World War II) to guarantee that the Soviet Union won the war. Where is Mr. Mosk's spirit and self-sacrifice today in the fight against the communists from within and without?

The Workmen's Circle characterized itself as "the largest radical workingmen's fraternal order in existence." (New Leader, January 23, 1937). It consists, in the main, of Socialists of various degrees, but all dedicated to a Socialist State. In 1927 a large group of its communist members, who differed in tactics, split away and formed the International Workers' Order. It has been and is today an established Communist front organization.

According to the Daily People's World of May 16, 1943, Stanley Mosk was a scheduled speaker at a meeting for American Soviet Friendship (embryo of "peaceful co-existence," held under the auspices of the International Workers Order and ICOR.

JUDGES RED ORATORICAL CONTEST

The Daily People's World of February 11, 1944, reported that the Los Angeles Chamber of American Youth for Democracy was conducting an oratorical contest on the 18-year-old vote, and that three persons, namely Superior Court Judge Stanley Mosk, a Los Angeles Assemblyman, and an American Youth for Democracy officer would act as judges at finals of the contest on February 27.

"The American Youth for Democracy was formed in 1943 to succeed the Young Communist League for the purpose of exploiting to the advantage of a foreign power the idealism, inexperience, and craving to join, which is characteristic of American college youth." (HCUA, April 18, 1947)

According to the People's World of March 23, 1944, Mosk "will speak at a meeting of the Westside District of the International Workers Order at the Hollywood High School Auditorium." He was also to be a guest on May 30, 1943 at a "May Festival" of this subversive group. The principal speaker at this meeting was Dalton Trumbo who was convicted of contempt of Congress.

Mr. Mosk was fully aware that by speaking and being at these meetings, he gave aid and comfort through his prestige and his position to "one of the strongest, the most effective and closely knit organizations among communist front movements....It has contributed large sums of money to Communist Party campaigns, and regularly sponsors Communist-Party endorsed candidates for public office." (Attorney General Francis Biddle in the Congressional Record, Sept. 24, 1942.)

MOSK AND THE NATIONAL LAWYERS GUILD

According to the Los Angeles Daily Journal (law journal) of September 12, 1944, Stanley Mosk was a member of the executive board of the Los Angeles Chapter of the National Lawyers Guild. The National Lawyers Guild has a high percentage of communist stalwart members. It consistently espouses Red causes and is one of the major factors contributing to the strength of communism. It has on many occasions been cited as a communist front. (Special Committee on Un-American Activities Report, March 29, 1944, p. 149)

STANLEY MOSK

In recent years, Attorney General Mosk has appointed Lawyers Guild members to his staff. One of these lawyers was Mrs. Vaino Spencer who served as a member of his Advisory Committee on Constitutional Rights since 1959, and then on the California Law Revision Commission since 1960. (See following article on Governor Brown).

According to the California Eagle, he was chairman of the American Jewish Congress meeting held at the Philharmonic Auditorium on January 10, 1945. The Southern California Division of the American Jewish Congress was cited as communist-infiltrated. At its convention in 1948 it went on record against loyalty checks and called for the abolition of the Congressional Committees and the Tenny State Legislative Committee. (These Communist party line policies were continued and enlarged at its 1949 convention.)

MOSK AND THE A.C.L.U.

The Attorney General has been guest of honor and featured speaker at many meetings sponsored by the American Civil Liberties Union, an organization that is open to communists and their sympathizers. It is a main target of Red infiltration and is saturated with them. This organization in conjunction with the National Lawyers Guild (cited subversive) has been the protective shield of the conspiracy. It is through the efforts of this infiltrated organization that the communists have been able to continue their work as foreign agents as a "legalized illegality." The following are a few of the meetings that Mosk addressed: October 16, 1948, principal speaker at an anniversary meeting of the ACLU ("Open Forum," publication of the ACLU); May 16, 1955, chaired a meeting at Hollywood Athletic Club (People's World); July 28, 1956, spoke at a testimonial banquet honoring A.L. Wirin, ACLU consul chief, at the Statler Hotel, Los Angeles. Mr. Wirin is a former partner to Leo Gallagher, Los Angeles Communist-lawyer, and is listed in the California Un-American Activities reports for 1943, 1947, 1948, 1949 and the HCUA reports for 1938, 1940, 1941, and 1943. September 23, 1959, Mosk was chief speaker at a meeting of the Marin Chapter of the ACLU held on the Rodger Kent Estate in Kentfield to mark the ACLU's 25th Anniversary in Northern California.

According to Mr. Wirin, "Stanley Mosk is a member of the American Civil Liberties Union." Wirin was the defense lawyer for 15 California Communists on the Smith Act violation. During the trial Wirin stated that his clients were "proud to be Communists." (Los Angeles Herald Express, February 6, 1952.)

MOSK AND "HOB-NAILED BOOTS"

The Daily People's World of March 7, 1946 quoted Mosk as saying, "The Cahan ruling does not hinder the police but they may now find it necessary to use their heads rather than hob-nailed boots." This statement of Mosk falls in line with the long-standing Communist tactic of trying to cause disrespect for our law-enforcing agencies among the citizens by describing them with related phrases such as "goon squads," "Gestapo," "police state," "police brutality," etc. Talk of this kind by the Attorney General is not surprising, judging from his past and present association and activity. However, it is most interesting when one recalls that when Stanley was executive secretary to Governor Olson he, personally, drew on a check from State funds to pay the agents who planted a dictograph microphone in the hotel bedroom of the then Assembly Speaker Garland and his wife. Garland was at that time Olson's chief Political rival. Mosk tried to shift the blame for this dastardly Soviet tactic to former Rep. John Phillips of Banning. This attempt to assassinate the character of Rep. John Phillips was strongly reprimanded by the assembly committee investigating interference with the legislative by the following report, "The Committee also observes that not excessive zeal or blind loyalty can excuse the rash indiscretion of publicly accusing an innocent person (as in the case of Mr. Phillips) of subversive actions."

Mosk finally admitted his part in this subversive activity and was severely censured by the State Legislature. This is Stanley Mosk, a participant in the most flagrant violation of civil rights, who, today, as Attorney General, has broad and unlimited investigative powers.

MOSK, NARCOTICS, AND THE CIVIL LIBERTIES UNION

Several months ago, the newspaper headlines screamed that Mosk was to meet with the governor of Baja California, Mexico, in an effort to stop the flow of narcotics from Mexico. He absented himself from his office in line of duty for approximately one week. It is most reliably reported that he chit-chatted with the Governor of Baja for less than three hours, spending the rest of the week hopping around Southern California speaking to left-wing organizations such as the American Civil Liberties Union.

MOSK AND THE COMMUNIST REGIME IN YUGOSLAVIA

On November 1, 1945, the name of Stanley Mosk appeared on the letterhead of the "American Committee for Yugoslav Relief." This organization was cited by the House Committee on Un-American Activities as a "communist front whose 'collection of funds for relief' was only incidental to, and a cover for, its propaganda activities in behalf of the communist regime in Yugoslavia!" (HCUA, H. R. 1951, April 25, 1950.)

The Daily People's World of September 9, 1946, reported that a Citizens Committee to aid Hearst strikers was formed in Los Angeles as negotiations continued between the Herald Express and CIO Newspaper Guildsmen - Stanley Mosk's name was listed among those on this committee. This committee was cited as a communist inspired and dominated group by the California Committee on Un-American Activities, Report 1945, p. 180.

MOSK CLEARS COMMUNIST TEACHERS

In August, 1959, the House Committee on Un-American Activities served approximately one hundred subpoenas to teachers for the purpose of interrogating them on their communist affiliations. The reports concerning these teachers were rendered useless to the school districts in their screening of possible subversives by an order from Attorney General Mosk dated February 2, 1960: "I recognize that the reports, standing alone, could not be used by the Superintendent of Public Instruction as evidence in any action which might be taken by the State against the individual persons who were the subjects of the various reports...unless one secures the names of the persons submitting such information, and produces such persons as witnesses; the statements, even though they are allegedly from reliable sources, are of absolutely no value and may be completely discounted."

With one stroke of his pen, Mosk has made it impossible to clean out the obviously numerous (107), subversive, "educators" from our school system! He knows very well that to produce these witnesses would almost completely destroy the counterspy activities of those who labor to gather information on this criminal conspiracy. If Mosk were a sincere opponent of Communism he could immediately order an investigation of subversive educators in our educational system.

MOSK AND FAMILY

An alleged sister of the Attorney General was reported to be a member of the Communist Party (an affidavit to substantiate this charge is available.) His brother, Ed Mosk, is reported through various governmental agencies, to have been associated with more than twenty communist-front organizations, and to have been a leader of the "Independent Progressive Party," an outright communist political front. He also served as an instructor at the People's Educational Center (People's World, June 27, 1947). The P.E.C. was cited as subversive by the U.S. Loyalty Review Board, September, 1948. Mrs. Stanley Mosk was an ardent supporter of the Independent Progressive Party. If the Attorney General is really interested in fighting subversion, he can start by cleaning up his own family.

The above resume of the Attorney General's extreme left background is, of course, fragmentary and incomplete. He does not qualify for the job with which he is entrusted. He seeks reelection. All citizens--Democrats, Republicans and Independents must join together to defeat this pseudo-political charlatan. We must replace him with an Attorney General who is acutely aware of Communist tactics, and willing and able to carry out a strong, two-fisted battle against them.

Mosk has indeed been an aid and comfort to the communists; and is, therefore, greatly responsible for the gains they have been making in this State. On the other hand, Mosk has been openly attacking and investigating patriots and organizations that are aware of the menace, and are doing something about it in an orderly manner.

MOSK - COMMUNISTS - PERJURY - AND MALFEASANCE IN OFFICE

Identified Red conspirators, Dr. Holland Roberts, Alan Isaksen, and Isabel Cerny violated the election code laws of California and perjured themselves when they filed to run for public office. Attorney General Mosk, though personally aware of these violations, and further notified by complaints, turned his back on this great opportunity to fight communism.

In reply to charges, he stated weakly that his office does not ordinarily try cases of alleged criminal acts on a State level, despite the fact that this deceitful act on the part of communists was in-

controvertibly a violation of a STATE law.

Stanley Mosk wasted taxpayers' money in his disgraceful attack against, and investigation of patriotic organizations; but he does not feel the urgency of investigating the intense penetration of communist conspirators in our State. Which side would the evidence prove he is on? Why is it that Mosk can find the time and facilities to vilify Americanism but never to lift a finger against the Red conspiracy that has promised and vowed to bury us?

WHY MOSK SEIZED THE SAN DIEGO FILES

For one who had insulted law enforcement officers as Mosk had so vulgarly done in his infamous "hobnailed boots" statement to the People's World, Mosk engaged in an almost unbelievable defiance of law in his audacious seizure of private property in San Diego in early 1962.

On February 14, 1962, state agents, at the behest and approval of Stanley Mosk, swooped down on the San Diego National Guard Armory and seized the files of the non-profit San Diego Research Center and put them in the custody, in effect, of Stanley Mosk. This "hob-nailed boot" tactic of seizure of private property by Mosk is in violation of the most elementary concept of our constitutional rights, the sanctity of our personal property.

This most disgusting and shameful act constitutes malfeasance and misfeasance of office. The seized records have been carefully prepared by the San Diego Research Center for more than three decades. They consist of congressional and state records, newspaper clippings, and various other authoritative documentation which chronologically describes the Red conspiracy in our nation. Mr. Mosk had these files seized because they clearly exposed men such as Mosk, Governor Brown, Alan Cranston, and many other state officers for what they are--opportunistic appeasers and collaborators of those who would destroy us.

The San Diego Research Committee filed a \$250,000 damages suit against the Attorney General and won a decision from the Courts. Mosk cleverly appealed to the higher courts. The hearing is to be delayed until sometime after the elections in November. An astute political trick on the part of "hob-nailed boot" Mosk, since such a hearing now could cloud Mosk's qualifications to hold or run for office.

MOSK, MOSCOW AND LENIN

Descending to almost uncharted depths in "patriot-baiting," Mosk reached all the way to the Kremlin to quote an article in *The Literary Gazette* of Moscow dated April 14, 1961, which in effect, according to Mosk, stated that "Robert Welch, founder of the John Birch Society and John Birch Society members are helping Communism by fighting Communism," according to Lenin. This is the height of chicanery and mental immaturity on this subject by Mosk. Mr. Mosk should avail himself of the Committee on the Judiciary Report, United States Senate, 87th Congress, dated July 11, 1961. There, he will find that on December 5, 1960 a Red Manifesto adopted in Moscow referred to the anti-communist movement in the United States as a main, if not THE main danger to communist progress in our country. The manifesto then outlined tactics to combat it. "Hammer and sickle" Mosk and his fiendish attacks against intelligent and orderly activities opposing communism conform completely with Kremlin tactics, and directives. The reason the communists have been so successful in America is because they have never been seriously opposed in an organized manner. What Lenin meant (if he ever did make that statement) was that men like Mosk, in ostensibly opposing communism, obviously help the communist cause. Mr. Mosk knows that Lenin, in his writings, urges "the ruthless extermination of all anti-communists."

MOSK NEGLECT OF OFFICE

Since Mosk is charged with responsibility for preservation of the security of our State, the criminal division of his high office is eminently important. For approximately six months after he took office, Mosk did not even have a director supervising this vital department!

At his eventual convenience, he appointed one Charles S. O'Brien to head up this division. O'Brien, a lawyer with virtually negligible criminal law experience, was, for many years prior, top man in the Western Division of the "Foreign Policy Association," an organization wide open to communists, liberals and pinks of various shades. It was Mr. O'Brien who organized and directed the notorious red-saturated "Great Decisions" groups. These groups have been most successfully used by communists to promote communist objectives.

Almost before O'Brien became oriented to the office of chief crime buster, he resigned to become Governor Brown's administrative secretary. He has since been replaced by two new chief crime-busters.

The last official report reveals that "Great Decisions" O'Brien has resigned as Brown's chief side-kick. And how does he function today? As Mosk's campaign manager!

Small wonder that narcotic peddling, communist activity and crime in general have reached an all-time high in California. Mosk's Criminal Division functions in name only. Mosk has shown a total and unconscionable disregard for the welfare of our state by this neglect. MOSK MUST GO!

II ALAN CRANSTON - CONTROLLER or CONTROLLED?

ALAN CRANSTON
FATHER OF RED C.D.C.

".....We must create a limited world government and DEPOSIT OUR SOV-
EREIGNTY THERE."

Alan Cranston, State Controller of California, is your State's fiscal officer. He directs a staff of more than 500 accountants, paymasters, and tax collectors; is chairman of the California State Franchise Tax Board, a member of the Board of Equalization, State Lands Commission, Pooled Money Investment Board and other boards and commissions--an enormous responsibility for a man who, virtually unknown before his election in 1958, engaged in a real estate business in Los Altos. He is not even remotely qualified for his

elective office. On the contrary, a meticulous study and perusal of his background indicates his **strong affinity for communists** and those who espouse the objectives of the communist and left-wing movement generally.

This "intellectual liberal" is running for re-election on the Democratic ticket, heavily financed with key-location painted billboards, and smugly confident that he will win. In fairness to the citizenry, HEADS UP presents the following report on this collectivist egghead, concluding that he not only is unqualified for the office, but actually serves the cause of world socialist government more effectively because he enjoys this high position.

CRANSTON PRESIDENT OF WORLD FEDERALISTS

As early as 1945, left-wing Cranston was present at the Dublin (New Hampshire) Conference on World Government, which resulted in the establishment of the United World Federalists (U.W.F.) in 1947. On October 1, 1949 Cranston, formerly Director of Americans United for World Government, was elected President of the United World Federalists.

The Dublin Conference assigned Cranston to carry its Declaration to the United Nations delegates in February 1946, laying plans for converting the United Nations Assembly into a world government having direct jurisdiction over our nation and the individual, thereby stripping the United States of its autonomy.

CRANSTON AT HOME WITH REDS

Ten days after Pearl Harbor, this relatively unknown person "mysteriously" landed a top government job as Chief of the Foreign Language Division of the communist-ridden Office of War Information (O.W.I.). The Attorney General's Office investigation during his short term as CHIEF, revealed that CRANSTON "moves in communist circles" and "that his friends seemed to be fellow travelers with communist sympathies."

Louis Adamic, a dedicated communist propagandist, was a close friend of Mr. Cranston, who has been described by some as "a protege of Adamic's." Cranston worked for Adamic as a writer for COMMON GROUND, magazine for Adamic's Common Council for American Unity. Cranston's writing opposed registration of aliens. Cranston was denounced in Congress because "he came out in support of Communist Harry Bridges...and in many respects parallels the program of the Communist Party."

COMMIE DAVID KATZ ON CRANSTON'S STAFF

Cranston was instrumental in having communist stalwart David Katz (alias Carr) appointed as Assistant Chief of the Foreign Language Division of O.W.I. A Civil Service Commission memorandum dated June 25, 1943, states, "The various F.B.I. reports on David Katz are summarized as follows: Katz, a brush company employee, formed a close association with the Communist Party, joining it before he was hired by the official Communist organ, the Daily Worker. Mr. Katz admitted to the F.B.I. that he was doing re-write work for the most confidential of all publications of the Communist Party."

CRANSTON EMPLOYS PAY-OFF MAN FOR SOVIET SECRET POLICE

Cranston's Chief of the Italian Bureau of the Office of War Information was Carlo A. Prato, alias Perini, alias et cetera, expelled from Switzerland as an agent of the Communist International, and listed by the New York Police as "the pay-off man for the Soviet Secret Police." Later, Prato joined hands with CRANSTON and became a pioneer one-worlder with other left-wing "friends."

CRANSTON, WILLIAM MARGOLIS AND RED DICTATOR, TITO

Of significance, and bearing investigation, is the fact that the O.W.I. starred "one William Margolis, convicted auto thief, self-styled psychopath, pro-Communist radio commentator, fund raiser for the communist political instrumentality, the Progressive Party, in a 'pro-American Office of War Information film and radio propaganda campaign presented as 'A Tribute to Yugoslavia,'" honoring Red Dictator Tito.

CRANSTON HELPS GAG CRITICISM OF SOVIET RUSSIA

In August, 1943, Eugene Garey of the Committee to Investigate the Federal Communications Commission (F.C.C.) uncovered evidence that a left-wing clique of F.C.C. and O.W.I. employees tried to insure a communist slant to foreign language broadcasts from 200 radio stations throughout the country; and charges were made that Cranston as an O.W.I. official cooperated with this left-wing clique to put a gag on criticism of Russia.

COMMUNIST-WORLD GOVERNMENT INFLUENCE ON SGT. CRANSTON

The Communist "party line" influence injected itself into Cranston's brief Army career. Red propaganda was conspicuous in Army orientation courses. For example, "Army Talk-Orientation Fact Sheet No. 64," followed the communist line to the letter. This subversive document was officially credited to Lt. Col. Julius Schreiber, but it was the brainchild of Sgt. Alan Cranston, whose initials appear on the original draft. The Daily Worker, official communist organ, quickly reproduced Fact Sheet No. 64.

HEADS UP does not charge that the United World Federalists, Inc., is a communist conspiracy, nor that Mr. Cranston is a communist.

However, CRANSTON was named in Congress as a supporter of Harry Bridges; he opposed the Alien Registration Bill, which the communists are militantly against; he wrote an article which was labelled on the House floor as "parallel to the program of the Communist Party." The Cranston campaign for world government is as dangerous and un-American as the Communist conspiracy.

A one-world government, which would destroy our sovereignty as a nation and would regiment the individual to world government decisions is the epitome of the global communist conspiracy. The leaders of world government movements, including Mr. Cranston, are actually more dangerous than communists because this major objective of communism is so subtle and easily disguised that it is not easily or readily recognized by the citizenry.

During the fall of 1950, Alan Cranston appeared before the House Committee on Foreign Affairs to testify on behalf of world government, "as a business man for millions who have demonstrated support for his objectives." Read the dishonest, bubble-headed double-talk statement on behalf of world government made to the Committee by the man who is now your State Controller, ALAN CRANSTON: ".....Plainly, Resolution 64 does not propose that we give up a shred of sovereignty...it proposes that we create a limited world government and deposit our sovereignty there...".

CRANSTON, SAMISH AND POLITICAL GANGSTERISM

One Paul C. Smith, left-wing editor of the San Francisco Chronicle during the Warren Administration, had tried in vain to get a pro-one world resolution through the California Legislature; whereupon Alan Cranston, newly elected President of the U.W.F., crawled on his hands and knees onto the lap of Artie Samish in a plea to Artie to use his lobbyist power in Sacramento to pass the resolution.

The conversation between Artie Samish, political gangster, and "amiable" Alan Cranston, was arranged by Paul C. Smith who telephoned Room 428 of the Senator Hotel, lobbying headquarters of Arthur H. Samish. Mr. Samish had tremendous influence in the legislature through the political espionage system he maintained in California. He at one time stated, "To hell with the Governor of the State! I'm the Governor of the legislature."

ARTIE SAMISH
POLITICAL GANGSTER

"To hell with the governor of the State! I'm the governor of the legislature."

Even Governor Warren (yes! this is the same Governor Warren who today is Chief Justice of the Supreme Court of the United States) stated,

"On matters that affect Artie's clients, Artie unquestionably has more power than the governor." Artie Samish is reported to have been the lobbyist for the Anti-Defamation League, and boasts that HE killed the Tenney Loyalty and Anti-Communist Bills which were introduced to impair communist infiltration and sabotage.

The pro-one world government resolution passed unanimously after eleven (11) Assemblymen absented themselves because they were afraid to vote against Samish! The point is, Cranston got his resolution passed, not because the people of California wanted it, but because he went to Samish (who has since served time in the penitentiary) who was powerful enough to force it through for him.

CRANSTON AND FORGERY

Immediately afterward an aroused citizenry demanded the rescinding of the resolution. A bill to accomplish this was introduced by Senator Hugh Donnelly of Turlock. The U.W.F., disturbed about this attempt to undo their dirty work, organized a telegraphic campaign from their various chapters against dissenting. Mrs. Emily Nolan Jordan, Chapter Leader of the U.W.F. in Palm Springs, boasted that she got out 49 telegrams from members of her chapter. Mrs. Jordan confessed that the U.W.F. was using the communist expediency technique of lying, cheating, and deceiving when she admitted that she had forged all those names. ALAN CRANSTON, during a hearing about this scandal in March 1950, admitted that the forged telegrams were sent with his direction and approval. (He was then State Chairman of the U.W.F.)

CRANSTON, FATHER OF RED-ORGANIZED AND CONTROLLED CALIFORNIA DEMOCRATIC CLUBS

During the winter of 1952, at a section political commission meeting of the Communist Party, it was revealed to all comrades that Alan Cranston of Los Altos was preparing to form a new organization consisting of California Democratic Clubs (C.D.C.). All communists were instructed to start an exodus from the Independent Progressive Party (I.P.P.--a political party that was the greatest political instrumentality in the history of the Communist Party) into the future C.D.C., and to organize such clubs at the appropriate time. This directive was issued by Louise Todd, who at that time was Secretary of the Political Commission of the Communist Party of California. Similar meetings of the Communist

Party were held and instructions issued throughout all sections (counties).

All communists were also instructed to take with them into the C.D.C. all left-wing sympathetic, liberal, socialistic elements from the Independent Progressive Party.

COMMIE FORECAST OF CRANSTON PLANS CORRECT

Alan Cranston did INDEED announce and begin to organize his California Democratic Clubs in 1953! Could it be that he had revealed his plans to close friends--namely, communist stalwarts Peter Szego, Dr. Holland Roberts, Ed Ross, and others identified as part of the conspiracy? C.P. members carried out this directive impeccably. They ran a few communist token candidates on the I.P.P. ticket in 1954, and after 1954 the I.P.P. was allowed to wither away, being supplanted by Alan Cranston's California Clubs. A careful perusal of the registration records of I.P.P. members reveals that communists in a body, socialists, liberals, collectivists, U.W.F.--all of those who today espouse and help carry out communist objectives--are now active in California Democratic Clubs. The C.D.C., Cranston's organization, is today the political instrumentality of the communist conspiracy in the State of California, to the chagrin and despair of many good democrats who joined the C.D.C. innocently, and many who would like to, but simply cannot clean house.

The many thousands of communists in California do not stay home evenings reading Marx and Lenin; they are in the C.D.C. working for the Leninist objectives!

CRANSTON'S RED OBJECTIVES PASS AT FRESNO CONVENTION

The C.D.C. did organize, and now communists direct the policy through hidden identity--policy which is very influential and effective in the Democratic Party. For example, at the 1960 convention of the C.D.C., held in Fresno, California, the entire platform of the Communist Party was adopted in toto.

ALLAN ISAKSEN, PETER SZEGO, AND CRANSTON

A definite link indicating association between Alan Cranston and communists is revealed by the fact that just prior to the 1958 elections, Allan Isaksen, Counterspy Karl Prussion, Peter Szego, Ed Ross, and Elliott Wilson (all identified under oath) met in the home of Allan Isaksen on Colorado Avenue in Palo Alto, for the planning of strategy for Isaksen's election campaign. Szego was instructed to meet with his good friend, Cranston, immediately to arrange for a meeting between Isaksen and Cranston in an effort to solicit Cranston's support in behalf of Isaksen. A later Red cell meeting revealed that such a session was arranged and concluded between Communist Isaksen and Alan Cranston.

The foregoing shocking, most shameful and disgraceful record of Alan Cranston, **your State Controller**, should be carefully considered in the forthcoming election.

Is Alan Cranston mentally immature on the subject of communist machinations and, therefore, being duped? Or is Cranston deliberately collaborating with the communists?

In either case, **CRANSTON DOES NOT QUALIFY FOR STATE OFFICE.**

Let us eliminate this man from his present position of authority and trust --- and let's do it NOW!

RED PRINT FOR U. S. CONQUEST

"TOWARD SOVIET AMERICA"

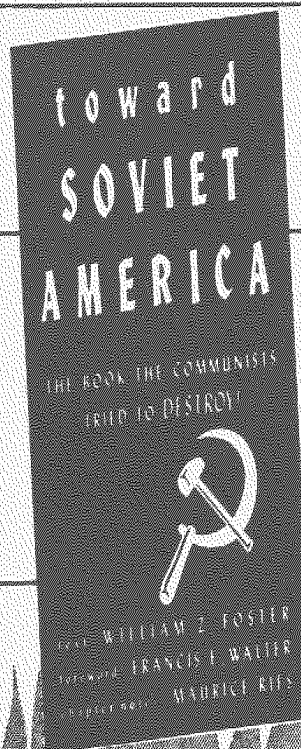

by William Z. Foster

Former National Chairman, Communist Party U.S.A.

Foreword by Congressman Francis E. Walter,
Chairman House Committee UnAmerican Activities

Read this revealing book and find out what the Soviet masters had planned for us. Forewarned is forearmed. Learn the facts. —George Tedf

Gives a complete blueprint of the conquest of America by the international communist conspiracy. It is as clear a blueprint as given by Adolph Hitler in Mein Kampf. — Dan Smoot, Radio Commentator

What Castro has done in Cuba is what Foster wanted to do in the United States.

—Gould Lincoln
Washington Evening Star

By far the most interesting chapter is the fifth, titled "United Soviet States of America," in which Foster blueprinted the Commie plans for subverting and remaking the U.S.A. in the Russian image.

III BROWN IS A RED APPEASER

"PREMIER KHRUSHCHEV, WE WHO ADMIRE YOU, WE WHO RESPECT YOU, WELCOME YOU TO CALIFORNIA."

— P. Brown

Governor Pat Brown, over the years, has established an unchallengeable record of collaborating with and appeasing communists from "top to bottom."

"Premier Khrushchev, we who admire you, we who respect you, welcome you to California."

These are the words of greeting by Pat Brown, the red-appeasing Governor of our great State to Dictator Khrushchev, who rules an empire built of mountains of human skeletons and rivers of blood. Hitler, by comparison, was a Boy Scout!

Brown continued his eulogizing representatives of Communist tyranny on May 8, 1962 by sending a telegram in which he honored Astronaut Titov at a reception arranged by the American Russian Institute, of which Dr. Holland Roberts and Michael Shepovvalov (clearly identified communists) are Directors. The telegram was read in a Cheshire-cat manner to a multitude of communists, their sympathizers and red liberals by none other than Holland Roberts, communist international emissary.

BROWN LAUDS COMMUNIST FRONT AND RED PUBLICATION

On the bottom of the conspiracy, Governor Brown's picture appeared on the front page of the official communist organ for Leninist work among the farmers, *THE FARM REPORTER*; this was their 20th anniversary edition, published in 1961. A letter from Governor Brown to the Farm Legislative and Research Committee,

. FROM TOP TO BOTTOM

"WHEN WE SPIT IN THE FACE OF AN AMERICAN, HE THINKS IT'S DEW."

— N. Khrushchev

an official communist organization for work among farmers, appeared below his photograph. He highly commended this Red organization and its press (*THE FARM REPORTER*) for the superb work they have been doing on behalf of the farmers of America.

Pettis Perry, Chairman of the Farm Commission of the Communist Party, in July, 1951, at a closed meeting of the hierarchy of the conspiracy made the following statement: "Along with the question of building the Party, we must build all of the left and Marxist press. In California we have the *Farm Reporter*. This should be built into a mass publication. It would be most helpful in advancing our work among the farmers." (Political Affairs, July, 1951)

The editors of this Red propaganda sheet and the leaders of the Farm Legislative and Research Committee are: Mr. Davis, Mr. Reich, and Mrs. McDonald, all three clearly identified as hard-core dedicated communists, loyal to the Soviet Union.

BROWN AND THE NATIONAL LAWYERS GUILD

The National Lawyers Guild was cited as a communist front as far back as 1944. The Governor is a past vice-president of the San Francisco Chapter of the National Lawyers Guild. He left the organization in 1946 because, he said, of its being declared

subversive. However, Brown showed his naive attitude toward communist fronts when, about a year ago, he appointed one Mrs. Vaino Spencer to an Appellate Judgeship in the Los Angeles area. Vaino Spencer, at that time, was a member of the executive board of the Los Angeles area chapter of the National Lawyers Guild. She had also appeared on occasion as counsel for Communists subpoenaed by the House Committee on Un-American Activities.

LEFTIES SUPPORT BROWN FOR ATTORNEY GENERAL

In 1946, when Brown successfully ran for Attorney General of the State of California, he received widespread support in his campaign from a variety of communist-controlled and saturated organizations such as the Hollywood Independent Citizens Committee of Arts, Sciences and Professions, the National Citizens Political Action Committee, and the Conference of Studio Unions.

BROWN BEATS THE SUPREME COURT ON RELIGION IN SCHOOLS

The American people were justifiably shocked by the recent anti-God decision of the Supreme Court, however it is not commonly known that Governor Brown, when Attorney General of this State in 1955, PROHIBITED THE USAGE OF THE BIBLE FOR RELIGIOUS PURPOSES IN PUBLIC SCHOOLS. HE ALSO ORDERED THE DISCONTINUING OF THE USE OF THE GIDEON BIBLE AND PREVENTED RELIGIOUS PRAYERS FROM SCHOOL PROGRAMS. Fortunately, most of the school systems ignored Brown's order.

BROWN URGES STUDENTS TO PRACTICE NON-CONFORMISM

The Governor, in an address to the graduating class of the Santa Clara University, in 1961, in effect urged students to mount the ramparts and to follow the example as set in the San Francisco riots. The students were encouraged by Brown to challenge "the status quo."

The Governor gave an able assist to communist forces on our campuses when he ignored a plea by a large delegation of citizens to prevent communist Frank Wilkinson from appearing on the podium at the University of California.

It is most interesting to note that the Governor today, for opportunistic reasons, is "supporting" the House Committee on Un-

American Activities; however, in actuality he was quoted as telling school officials that they could not fire teachers "who stand on their constitutional rights before witch-hunting committees." (People's World, July 23, 1953)

BROWN AND COMMUNIST BANQUET

On November 10, 1945, a banquet was held honoring the American Youth for Democracy, an official communist youth organization. Listed among the committee members for this dedication was none other than Governor Brown.

Previous to Brown's endorsement and help on the committee, this organization was cited as communist, therefore the governor must have known that it was Red.

BROWN AND THE A.C.L.U.

Governor Brown, who has declared himself an enemy of good, patriotic organizations which he describes as "radical rightist, and lunatic fringes" was declared as "working in the American Civil Liberties Union corner" in the December, 1955 New York publication of the American Civil Liberties Union.

The American Civil Liberties Union for decades has been the defensive armor-plate of the communist conspiracy and has been responsible, therefore, for the strengthening and perpetuation of this continuous criminal conspiracy against our government. During the 1962 hearings of the House Committee on Un-American Activities in Los Angeles, some 20 volunteer attorneys of the American Civil Liberties Union represented 57 persons called to testify before the House Committee.

"CIVIC UNITY" FRONT AND THE GOVERNOR

At one time in his career, the governor was listed with communists as a sponsor of a conference called by the Council of Civil Unity at San Francisco State College. One of the speakers was communist Holland Roberts, who violated the election code of our State when he ran for Superintendent of Public Instruction in 1958, by not declaring that he was a communist. (Governor Brown's administration has not prosecuted this violation to date.)

BROWN COMFORTS BRIDGES

When District Attorney of San Francisco, the Governor ably supported Harry Bridges' fight against deportation by openly making public speeches on Bridges' behalf and questioning the right of the government to proceed against Bridges.

GOVERNOR BROWN AND ANOTHER RED LABOR BOSS

One week prior to the 1960 elections, the Governor fraternized with one Emerson Street, Red labor boss in Santa Clara County. Street is the Business Agent for the Santa Clara County A.F. of L.-C.I.O. Council. He wields left-wing power in the California Democratic Council and the Democratic Party because of his position. He was three times identified by three different counter-spies before House Committee hearings as a communist.

Pictures of Governor Brown chatting with Emerson Street in the governor's limousine were widely published. The Governor, by this association, was overnight able to raise the dignity and prestige of this Leninist among thousands of loyal Democrats and union men.

BROWN AND C.O.R.E.

A few months back, the Governor appeared publicly on the platform with Communist-fronter Martin Luther King at a rally attended by 10,000 plus. This rally was held to gain support in the Negro community for the Congress on Racial Equality (C.O.R.E.) This organization is being successfully used by communists in their attempt, through sit-ins, freedom rides, etc., to provoke a violence in the South that could throw our nation into civil strife. (This is an immediate objective of the communists.) Martin Luther King has been associated with more communist-front organizations than most communists, numbering more than three-score.

Governor Brown's address at the rally spurred on the provocative activities of this communist-infiltrated organization and concluded with a personal donation of \$100 to this cause.

GOVERNOR BROWN AND CHANCELLOR GALLAGHER

It was the Governor who arranged for the appointment of one Buell Gallagher to the Chancellorship of the Colleges of the State of California. Gallagher was thoroughly exposed as being a detri-

ment to our institutions of higher learning by virtue of his continuous and uninterrupted left-wing associations and activities.

Regardless, the Governor staunchly defended Gallagher, as a victim of right-wing extremism and as a model educator of our young people. Gallagher was described as having appointed two notorious communists as his campaign managers when he ran for public office. Public indignation steadily mounted and met with a rebuff by the governor. Gallagher finally resigned his post over the protests of Governor Brown.

After his resignation, Brown proclaimed that the radical rightists were responsible. Recent investigation not yet published reveals that Buell Gallagher WAS AT ONE TIME ONE OF THE SPONSORS OF THE COMMUNIST CANDIDATE FOR LT. GOVERNOR, LEO GALLAGHER.

IS BROWN LYING ABOUT F.B.I.?

In reply to many of the inquiries and protests about communist activity directed to him, the Governor has replied with numerous letters in which he assures the citizenry that he knows that the Communist activity is almost non-existent because, he says, "I am in constant communication with the Federal Bureau of Investigation." The Governor is either lying, since all F.B.I. information is available only to the executive branch of the federal government of the United States, according to the laws of our land, or he is illegally obtaining information from this federal investigative agency.

It is obvious, then, since it is certain that Brown has no access to the F.B.I., that he is deliberately using the name of this fine organization in an attempt to cause a false feeling of security, complacency, and indifference to the monstrous communist threat within the State.

Mr. Mosk, Mr. Brown, and your left-wing Associates:

Your shameful attack against the patriotic John Birch Society and its members, is a lie, a hoax, and a fraud upon the American people, and you know it!

You are the spreaders of hate and fear. You are the ones who are dividing the people, thereby assisting the Communists in their conspiracy. These actions on your part are indeed a disgrace to the high offices you hold, and you are villifying good Americans to divert attention from Communist influence in the Government and politics of California.

Mr. Mosk, you have the power and authority and the duty to call an immediate investigation of Communist influence and control in the California Democratic Clubs, which by Sen. Miller's admission have at least 35 communists (Karl Prussion claims there are thousands), in our educational systems, in our Trade Unions, and other areas in which Communists rear their ugly heads. Mr. Mosk, you recently received the ill-advised endorsement of the Voters Anti-Communist League. You pride in this endorsement. Now, why don't you prove your "dislike" for Communism, by acting now! If you don't, you will continue to bear the description of a left-wing, cheap, political, opportunistic charlatan!

* * * * *

Is it any wonder, therefore, considering the above-mentioned report on these three candidates for public office (which is fragmentary and incomplete) that Brown, Mosk, and Cranston, and others such as Assemblyman Hawkins, O'Connell, Burton, Waldron, etc., are deathly opposed to Proposition 24. The enactment of this amendment to the California Constitution would be a means by which effective action could be taken against communism in politics and the government of our State.

GOVERNOR BROWN - WHOSE PLATFORM ARE YOU FOLLOWING?

Governor Brown as the leader of the Democrats in California is responsible for carrying out his party's platform; this with the aid of the Executive branch of the state government which includes Morrie Mosk and Alan Cranston.

The party platform titled "The American Way to Jobs, Peace, Democracy," refers to the standard cliches on "Crisis, McCarthyism and Big Business control of the Republican party." The platform stresses: "To combat depression we urge the defeat of all wage cut attempts and a militant struggle by labor to raise wages on all levels, to shorten the work week without a reduction in weekly earnings, and to curb speed-up. We advocate the lowering of consumer prices, an end to rent gouging, and a shift of the tax burdens to the rich." The platform further calls for "An anti-depression program," and "requires government protection of home owners, small farmers, and small business from mortgage foreclosures and bankruptcy. It requires a government guarantee of 100% price parity and crop insurance for small and middle sized farmers, and government loans at low interest rates to small business and needy farmers." The platform continues, "The Government has the responsibility to guarantee jobs and living standards." Witness these other planks: "We propose a substantial increase in unemployment and old age benefits; special measures to keep our youth from becoming a jobless generation and to guarantee all our youth free and equal educational opportunities; a federal health program; and a large scale federal program of flood control, conservation, power dam development, and rural building...." "We favor the extension of credit to bolster world trade and to help overcome the hunger and underdevelopment of the colonial lands...."

"If there were no poll tax Dixiecrat congressmen in Washington, there would also be a better chance to get improved social security legislation, price and rent controls, more federal aid to education, a federal housing program, greater aid for the unemployed and the aged, and far more equitable tax laws....We further urge federal civil rights legislation to outlaw the poll tax".

The platform winds up with such patriotic and humanitarian pronouncements as: "We proclaim our fraternity with all peoples who have pioneered the new frontiers of human history toward socialism...."

Wonder why "New Frontiers" wasn't capitalized?...The answer is simple: this is not the Democrat platform of 1960 which it so closely resembles, but the draft platform of the COMMUNIST PARTY U.S.A., drawn up in 1954.

Six years before the "New Frontier", (and only four years before Edmund G. (Patrick Henry) Brown became Governor of the State of California) the Communists had not only drafted the whole social and economic platform of the Democrat party, they had also coined the label of "New Frontier". Quite a coincidence, isn't it?
